Huey Appoints New Tax Assessors in Effort To Cut Off Revenue of Government That Defied Him.

LONG MAY IGNORE COURT AUTHORITY

Kingfish Has Held to Theory That Militia Is Outside Jurisdiction of Civil Judges.

NEW ORLEANS, Aug. 2.—(UP)—Senator Huey P. Long and his national guardsmen were ordered by a federal court today to vacate the Orleans parish registrar of voters' office, which they seized under martial law to harass the city government.

A temporary injunction, signed by Judge Nat J. Bond, ordered the troops to get out of the office immediately. Senator Long and troop commanders were ordered into court next Tuesday to show cause why the order should not be made permanent.

Up to Sheriff. It is up to Sheriff Maurice Harrison to enforce the court's ruling. Harrison is aligned with Mayor T. S. Walmsley's city forces, which have marshaled full police power and 500 armed citizens to combat Huey Long's state troops if necessary.

Superintendent of Police George Ryeber sent the order on Long in his hotel suite. They were closeted together for more than half an hour. Long was not surprised at the order and "made no rash statements," Ryeber said.

"It took him a long time to read the order," the police head added, "then we talked about the legislature, congress and national affairs."

Served with the court order, Long has three alternatives. He can have the troops disbanded. He can throw the city under general martial law.

He can go to jail for contempt of court. Edward Righor, one of the city's legal advisers, said the court could continue in Page 8, Column 7.

McAlister Takes Lead In Tennessee Vote

NASHVILLE, Tenn., Aug. 2.—(AP)—Governor Hill McAlister, seeking re-election for a second term, maintained a comfortable lead over his opponent, Lewis S. Pope, tonight as returns were tabulated from today's democratic primary.

Senator K. D. McKellar early won re-nomination for a six-year term over Dr. John R. Neal, Knoxville lawyer.

But the junior senator, Nathan L. Bachman, of Chattanooga, continued to trail Representative Gordon Browning, of Huntingdon. Returns tabulated by the Associated Press showed: Governor, 1,140 precincts out of 2,277; McAlister 66,967; Neal 62,363.

Long Term Senate—967 precincts; McKellar 60,814; Neal 13,358. Short Term, 1,040 precincts; Bachman 52,408; Browning 52,700.

Former Kaiser Lauds War-Time Lieutenant

DOORN, Netherlands, Aug. 2.—(AP)—Former Kaiser Wilhelm referred to President Paul von Hindenburg as the "immortal hero of Tannenberg" in a message of sympathy from his exile here today.

The message was sent by the former monarch to Colonel Oskar von Hindenburg after word was received of the German president's death.

It said: "The Kaiser and I mourn with moved hearts with you and the whole German people. A life richly blessed by the Lord has found its end. The crown prince will convey our last greetings and homage to the immortal hero of Tannenberg."

OPTION ON LIQUOR IN GEORGIA CITIES PROPOSED BY KEY

Atlanta Mayor, at Macon Meeting, Says Each Municipality Should Be Allowed To Settle Question

By HERMAN D. HANCOCK, Staff Correspondent.

MACON, Ga., Aug. 2.—Demand that the Georgia assembly pass a "home rule" bill, which would enable Georgia cities to decide for themselves whether they will permit liquor sales, Sunday amusements and "other issues of strictly local application" featured a meeting today of the executive committee of the Georgia Mayors' Association.

Albany was selected as the meeting place of the 1935 convention, which will convene the last week of May or the first week of June.

Mayor James L. Key, of Atlanta, president of the association, in calling the meeting of the directors to order, sounded the call for a municipal local option on controversial matters, and at the same time advocated trial of petty offenders in misdemeanor cases by recorders and diversion of the fines imposed into municipal coffers.

The gathering, called for the purpose of launching the infant organization, formed July 14 in Atlanta, on its program to provide more revenue for cities and to revise the taxing systems whereby cities would pay only a just portion of taxes, was held by Mayor Herbert L. Smart, of Macon, who was host.

The group referred to the tax revision committee a request from officials of leading veterans' organizations of the state that the body join in clarification of provisions through which disabled veterans are given free licenses to do business.

Smart was designated as chairman of the tax revision group, and Mayor Zack Arnold, of Fort Gaines, was named head of the legislation committee.

Mayor James A. Fort, of Americus, will head the finance committee, and Mayor J. M. Gardner, of Brunswick, the membership committee.

Committee chairman and Key will confer before the personnel of the various committees is completed, but it was indicated that Mayor H. Cliff Hatcher, of Waynesboro; Shelby Myrick, city attorney of Savannah; and Mayor Dick Armstrong, of Albany, will find berth on the important legislative committees.

LAWYER CHARGES SLUR ON VETERANS TO JUDGE PITTMAN

Thomas To Ask Organization To Quiz Candidate on Views Regarding Ex-Soldiers' Treatment.

Charging that Judge Claude C. Pittman, of Cartersville, one of Governor Talmadge's two opponents for re-election, has accused war veterans of disabling themselves to obtain free peddlers' licenses, William A. Thomas, Atlanta lawyer and World War veteran, announced Thursday that he will ask the Veterans of Foreign Wars, of which he is a member, to call upon the candidate to answer a number of questions regarding his views on treatment of veterans.

Mr. Thomas, who was ejected from a Pittman meeting in Decatur Tuesday night, said he would ask his organization to propound to Judge Pittman the questions he intended to ask him at Decatur but which the police and Pittman supporters prevented him from asking.

Mr. Thomas had asked Judge Pittman if he favored a free peddlers' license for veterans and the candidate responded, amid some confusion, that he favored the free licenses only for veterans, who were disabled in the war.

"In answering the only question I got an opportunity to propound, Judge Pittman said 'anybody can stick pins and nails and brags in his hands and feet and get disabled,'" Mr. Thomas said. "It was just saying in so many words that the veterans at Hospital 48 hurt themselves just so they could get a free peddlers' license."

Followers on Hand. Pittman, apparently expecting someone would ask him questions, had a number of his followers ready to put pressure on the police to get him away from the meeting, which they did. Mr. Thomas said, "I wanted to question him further about this because his record shows that in 1929 in charging a grand jury at Dalton, continued in Page 4, Column 7.

HEALTH ACTIVITIES HALTED BY ADAMS

Farm Head Flays Talmadge as "Destroyer." Says Babies Imperiled.

Declaring that Governor Talmadge's action in holding up funds for his department has imperiled the lives of the babies and children of the state, Commissioner of Agriculture G. C. Adams, writing in what was announced as the final issue of the Market Bulletin, Thursday reiterated his charges that the governor is trying to wreck the department because he cannot get his friends appointed to office.

The department's funds are being withheld by the governor pending settlement of the controversy between him and the commissioner over the status of Dr. C. Reynolds Clark, state chemist, who was dropped from the payroll by Adams but whose dismissal Governor Talmadge refused to approve.

Employees of the department declined to say whether the publication would be suspended but indicated that that would be the case until the department's appropriation is received.

An article in the Bulletin said that "the farmers of Georgia face complete loss of all functions of the agricultural department" and that "the governor's department and betrays farmer."

Functions "Destroyed." On the front page of the final issue of the Bulletin are listed the following: "Agricultural functions destroyed by the governor."

"1. Tests of tubercular cows. (You may now be drinking infected milk.)"

"2. Analyses of milk consumed by children. (A protection in the larger cities which has saved thousands of innocent lives.)"

"3. Analyses of poisonous drugs and adulterated foods. (There is no agency in Georgia to protect you against the sale of poisonous drugs by peddlers.)"

Departure Delayed. Boyd's departure was postponed. Bogdanov returned to head Amtorg until a settlement was effected.

Today the negotiations have been progressing in Washington between Secretary of State Hull and Ambassador Trotskyansky, it was thought likely an accord will not be reached before fall.

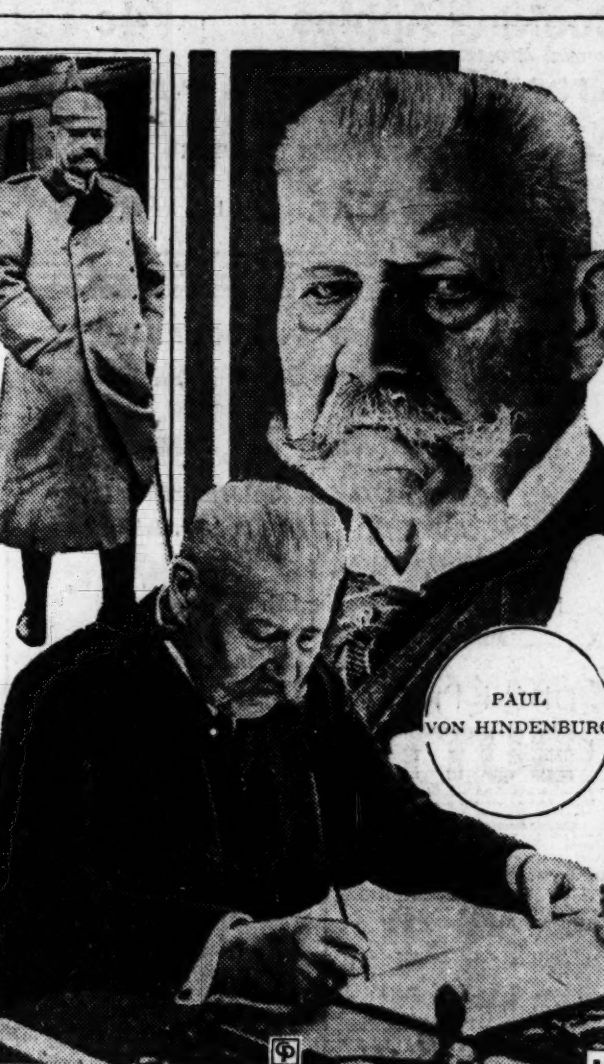

Boyd, it was said, probably will enter the final conferences on settlement.

The debt negotiations in the capital have been carried to a secretary of the recognition of the recognition of the Kerensky regime after overthrow of the Romanoffs.

\$400,000,000 Damage Claims. There are also on file in Washington claims of nationals for damages and confiscated property approximately \$400,000,000 and a private exorbitant loan of some \$50,000,000.

Coincident with the war was understood, the federal government informed these nationals, mainly industrialists and holders of the exorbitant bonds, they would have to settle their own debts and could use as a precedent the plan under which the U. MOURNING NATION WILL INTER HERO AT TANNENBERG

National Funeral Will Be Staged Where Aged Warrior Shattered Russia's Army.

NEUDECK, Germany, Aug. 2.—(AP)—Paul von Hindenburg, aristocrat, soldier and statesman, was honored tonight by his fatherland in death as he had been in life.

The body of the reichspresident lay in state in his country home, where he died at 9 a. m. today, 2 a. m. Atlanta time, and a detachment of his beloved reichswehr stood proudly on guard.

Next Tuesday a great national funeral will be held for the man who in nearly 87 years served his country in three wars and for nine years stood at the head of the nation through troubled times.

Death Peaceful. Death came peacefully and without pain after weeks of suffering, through which the venerable field marshal-general maintained his usual poise and erect carriage.

Last night von Hindenburg, who was deeply religious, lifted his hands in prayer.

Then with a look of contentment on his face, and hands folded on his breast, he fell into a sleep from which he never awoke.

The huge fortress-like memorial at Tannenberg, erected near Hohenstein on the spot where von Hindenburg's army turned back invading Russians 20 years ago this month, will be the scene of his funeral.

His body will lie in this monument to his military prowess and his patriotism.

Family Yields. His family, it was announced in Berlin, yielded to a plea of the government that the final resting place be at Tannenberg.

NRA Spurs Recovery, Says Johnson at Fair

CHICAGO, Aug. 2.—(AP)—Banging away at foot of the recovery act, the administrator, General Hugh S. Johnson, in an address climaxing celebration of NRA Day at the fair, tonight asserted the measure "had stopped the slaughter among the little fellows of business" and had spurred this country in a "greater advance from depression" than any other industrial nation had experienced.

The general, speaking to thousands at the exposition grounds, offered spirited defense of the Blue Eagle.

Roosevelt Expresses Sorrow Over Death

WASHINGTON, Aug. 2.—(AP)—President Roosevelt today dispatched a telegram of condolence on the death of President Paul von Hindenburg to Adolf Hitler as president of the reich.

The president's message said: "I learned with sincere sorrow of the death of President Paul von Hindenburg. I extend to the government and the people of Germany my sincerest sympathies in their great loss."

"I beg of you to convey to Colonel Oskar von Beneckendorff und von Hindenburg the deep personal condolence of Mrs. Roosevelt and myself."

DEATH OF GERMAN STIRS HITLER FEAR IN CHIEF CAPITALS

France, England See Possibility of New Conflict. Italy Silent as F. D. R. Sends Condolences.

By the Associated Press. Two of Europe's big powers looked toward Germany with apprehension today after Adolf Hitler assumed complete leadership of the nation with the death of President Paul von Hindenburg.

Both France and England apparently were fearful of what might happen while Italy, the third big power close to the European situation, was silent. France looked eastward for signs of peace or war with some quarters fearing to see danger of a new European conflict unless Hitler abandons his "regime of fog" and turns to "more normal" channels.

France wondered, too, how the Germans would accept the former army corporal as their new leader, and whether he could hold his control.

Anglo-German relations have been cooling somewhat for several months because of the debts controversy and the Austrian situation and differences apparently were increasing just as the man who was regarded here as the greatest stabilizing influence in the country died. Sources close to the government said foreign powers could not give Hitler the confidence they felt in Hindenburg.

In official Italian circles, the question of the chief of state, caused by a declaration a matter for the German people to decide, and there was little comment but the Giornale d'Italia said "the whole responsibility of affairs of Germany's internal and foreign policies now rests on the shoulders of Hitler at a time when new and unpleasant problems have been added to those arising from the sanguinary suppression of the storm troop revolt a month ago."

From Washington came expressions of esteem for von Hindenburg and regret at his death, but none would venture any comment on the possible effect of his passing on Germany's future.

DANGER OF NEW CONFLICT SEEN IN FRENCH QUARTERS. PARIS, Aug. 2.—(AP)—France today found herself peering into the grief of troubled Germany for signs of peace or a new war on the twentieth anniversary of the 1914 mobilization.

With Reichspresident Paul von Hindenburg dead, some French officials expressed a feeling of relief, but they also expressed a feeling of anxiety. Unless Adolf Hitler uses his enlarged mastery over Germany to swing his "regime of force" into "more normal" channels.

Mixing was felt because of uncertainty as to how Germany, harassed by grave economic problems, will accept Hitler as the sole chief, and continued in Page 4, Column 4.

NAZI CHANCELLOR CALLS PLEBISCITE FOR AUGUST 19TH

"Der Fuehrer" To Abolish Presidency, Combining Duties of That Office With Those of Chancellor.

ARMY TAKES OATH TO NAZI CHIEFTAIN

Last Vestiges of Republicanism Vanish as Nation Placidly Slips Under Absolute Dictatorship.

BERLIN, Aug. 2.—(AP)—Adolf Hitler, in a series of lightning-like moves, made himself absolute dictator of Germany today.

He concentrated in his own hands the functions of president and of chancellor as soon as the aged president and patriot, Paul von Hindenburg, died at Neudeck.

Then he called for and received an oath of personal allegiance from officers and soldiers of the reichswehr (regular army) and the navy.

After these moves, amounting to a virtual coup d'etat, the former lance corporal, who succeeded a field marshal, called for a plebiscite on August 19.

Declines Title. Although desiring the functions of the presidency, Hitler declined tonight to accept the title, holding that the "greatness of the deceased has given to the title of reichspresident unique and non-recurring significance."

In a letter to Wilhelm Frick, minister of the interior, Hitler outlined his plans to assume the office without the title, saying he desired henceforth to be known as before as "Fuehrer and Reichschancellor."

He directed that a "free secret election" be held at which the centralization of power in his hands and such other matters as may be necessary be held.

"The necessity for regulating the question of the chief of state, caused by the national misfortune that has overtaken our people," Hitler wrote, "leads me to issue the following order:

"First, the greatness of the deceased has given to the title of reichspresident unique and non-recurring significance according to the feeling of all of us, and in what it means to us, this title is indissolubly bound up with the name of the great deceased. I therefore request care be taken in official and unofficial communications to address me just as heretofore, as fuehrer and reichschancellor only. This stipulation is to be observed in the future also."

"Second, I desire that the vesting in me of the functions of the reich's chancellor's office as such, of the functions of the former reichspresident, decided upon by the cabinet and constitutionally valid shall receive the expressed sanction of the German people."

"Steeped in the conviction that all authority of the state must proceed from the people and by them be ratified in free, secret election, I request you immediately to lay the decision of the cabinet, with possible necessary additions, before the German people for a free plebiscite."

Rubber Stamp Election. Plebiscites in Nazi Germany have come to mean rubber stamps and promises to be no exception.

The details of the plebiscite have not been announced. Apparently it will follow the pattern of the November 1932 election when the Nazis were columns to answer "yes" and "no" on Germany's withdrawal from the League of Nations. But strangely a

ROOSEVELT'S SHIP OFF OREGON COAST

President To Disembark Today; Wife Arrives in Portland.

ASTORIA, Ore., Aug. 2.—(P)—President Roosevelt gazed upon the fire-laden mountains of Oregon and Washington today, happy to be back to the States from his history-making tour of island possessions. The cruiser Houston anchored well off from shore here shortly after 2 p. m., and Mr. Roosevelt remained aboard for one more night on the water. Preceding her famous husband to Portland, where they will meet tomorrow, Mrs. Franklin D. Roosevelt ended her long motor tour through many states, arriving at the city center there at 5:45 p. m. President Roosevelt leaves here early tomorrow to follow the Columbia river to Portland where debarkation will be made about noon. Shortly thereafter he will depart by special train for a tour of the Columbia, Missouri and Mississippi valleys en route to Washington. A flotilla of small craft circled the Houston in midstream through-

Plastic Surgeon Works On Ear of George Raft
HOLLYWOOD, Aug. 2.—(P)—George Raft, film actor, resorted to plastic surgery today to improve his left ear, injured several years ago when he was a boxer in the east before becoming an actor. Raft said the injury did not matter much when he was playing underworld roles but now that things are changing in the film world because of censorship he will have to play different parts.

out the afternoon and evening carrying welcoming folks from the vicinity. They got an occasional glimpse of the president on the fore structure but he received no visitors. The first mail since his departure from Hawaii last Saturday was put aboard and Mr. Roosevelt renewed contact with Washington by wireless tonight. The president appeared tanned and refreshed as he came on deck early this morning to catch the first sight of the continental United States since he left the Carolina capes behind a month ago.

SMITH, SEABURY QUIT N. Y. CHARTER GROUP

NEW YORK, Aug. 2.—(P)—Alfred E. Smith and Samuel Seabury—their efforts to moderate the city's complicated government stalemate—tonight resigned as members of the charter revision commission. Smith, chairman and long an advocate of municipal reform, and Seabury, vice chairman and credited with driving Mayor James J. Walker out of office, quit after the commission had voted an adjournment, 17 to 10, until Tuesday.

Smith said Tuesday would be too late to make it possible for the commission to meet the requirements of the law and lay a new charter before the electorate. Seabury agreed. And a few minutes later, former United States Attorney General Charles H. Tuttle, who had also voted against the adjournment, also announced his resignation. "I made the only decision that was made here tonight," said Smith. "I decided to resign and I am going to send my resignation to the secretary of state at Albany. Counsel has advised that he had to act tonight and we didn't."

The break in the commission came when the Smith-Seabury forces decided it was evident that the commission was overwhelmingly inclined to vote to restore to the presidents of the five city boroughs their administrative and patronage powers. It was at this juncture that Smith decided to force a show-down. He demanded that this issue be decided. The motion for adjournment was made and carried. Then, Smith announced he was resigning.

U. S. Loans Extended To Truck Growers

WASHINGTON, Aug. 2.—(P)—The farm credit administration announced today the extension of emergency crop loans to growers of commercial vegetables and truck crops. Loans will be limited to \$250 to any one individual, including previous emergency crop loans made this year. They will be made for the purpose of producing commercial vegetables and truck crops during the fall or winter. In applying for loans in excess of \$150 borrowers must submit written evidence from a production credit association that an application has been rejected.

Lynch, of Pensacola, and J. T. Lynch, of Winston-Salem. Arrangements for the funeral will be announced by A. E. Turner.

Hoover Did Not Seek Renomination--Joslin

NEW YORK, Aug. 2.—Herbert Hoover cared not "a continental" and did not "turn a hand" for his renomination in 1932, writes one of his White House secretaries, Theodore Joslin, in the current issue of Red Book magazine. The article "Hoover Off the Record," the article opened with Joslin's statement:

"The silence of Herbert Hoover was oftentimes the cause of trouble. 'The people neither understood the rising forces of destruction nor were cognizant of the tireless and ceaseless efforts he was making in their behalf.'"

"There were times so critical that had Mr. Hoover publicized the approaching trouble it might have 'pushed the nation over the precipice' to use his own words. Equally certain, there were times when he should have talked, but did not. When urged by me on one particular occasion to dramatize what he was doing, he said gravely: 'This is not a showman's job. I will not step out of character.'"

Better Quarters Sought For Young U. S. Offenders

Federal Probation Office Here Works for Improvement in Juvenile Detention Facilities.

By GLADSTONE WILLIAMS.
WASHINGTON, Aug. 2.—Renewed efforts are being made by Richard A. Chappell, United States probation officer in Atlanta, to improve detention facilities for young people violating federal laws, it was learned here today at the children's bureau of the department of labor. Similar efforts, it was said by officials, are being made in southern states other than Georgia, including Mississippi, South Carolina and Texas.

Since the regional conference on juvenile delinquency held last spring in Atlanta, under the joint auspices of the children's bureau and the federal bureau of prisons, Mr. Chappell has been working out a program designed to segregate juvenile offenders from hardened criminals.

"Since availability of effective state and local resources for dealing with juvenile delinquents bears a vital relation to the whole problem of waiving federal jurisdiction in cases where juveniles may properly be dealt with by state and local authorities," said Miss A. C. Bowler in charge of delinquency work for the children's bureau, "the object of the Atlanta and other conferences was to develop suitable arrangements for segregation of juveniles in specially selected jails if no suitable detention home is available. It is understood that this is one of the major problems which Mr. Chappell is attempting to work out.

In Mississippi, United States Probation Officer Lee Dickson already has completed arrangements for separate detention of all federal juveniles in his district, and the bureau of prisons has directed that all juveniles there be detained in a particular jail where segregation and treatment will come under Dickson's personal supervision.

"Sky Train" Spends Night at Philadelphia
PHILADELPHIA, Aug. 2.—(AP)—A "sky train" of gliders is laid up at Philadelphia for the night, its New York-to-Washington trip halted by the elements.

Promoters of the flight expect the ships will take to the air again tomorrow. The schedule called for dropping one of the three gliders in the train at Philadelphia. Another was to land at Baltimore and the third and the towing plane was to come down at the nation's capital. Each glider carried 75 pounds of mail.

The train left the Brooklyn airport at 9:45 a. m., eastern standard time. It was more than two hours before the ship was sighted over Philadelphia. The stiff headwinds which delayed them cut down the towing plane's gasoline supply and a decision to land at Philadelphia was forced.

Refueling and other details required 50 minutes and the train took off again, only to be turned back a few minutes later by storm conditions.

1,000 NEW PLANES SOUGHT FOR ARMY

Purchasing Program for 1936 Submitted to Major General Foulis.

WASHINGTON, Aug. 2.—(AP)—A 1936 plane-purchasing program, calling for the buying of approximately 1,000 planes for the army air corps, was submitted today to the general staff by Major General Benjamin D. Foulis.

The recommendations were designed to give the corps an air armada of 2,340 planes as recommended by the Newton D. Baker committee after its recent inquiry.

War department officials explained, however, that the 1936 program was entirely dependent on appropriations by congress and that it was doubtful whether the entire 1,000 planes would be purchased during 1936.

After the procurement program has been studied and approved by the general staff it will go to the office of Assistant Secretary Woodring for the preparation of specifications and invitations for bids in the different types of planes.

Woodring now is in Kansas but is due back in 10 days to set in motion the necessary specification and bidding machinery.

Air corps officials declined to make public the numbers of planes recommended in different categories, but it was understood the corps would concentrate on purchasing bombers, pursuit and attack planes.

The Baker committee said the corps lacked sufficient fighting planes for adequate defense purposes and recommended their number be increased. Flying officers estimate that the army ranks below Great Britain and equal to Japan in actual fighting prowess.

Woodring's office has already sent out prepared invitations for bids on the approximately 450 planes to be purchased during the current fiscal year and in 1935 with appropriations already made.

The recommendations for 1936 purchases on approval by Secretary Dern must go to the bureau of the budget and President Roosevelt before going to congress.

FAITHFUL MAID IS WILLED \$35,000 BY MARIE DRESSLER

LOS ANGELES, Aug. 2.—(AP)—The actual value of the estate of Marie Dressler, actress, filed for probate today, was not given but was estimated to be at least \$300,000.

Mamie Cox, negro maid who was in Miss Dressler's service for a quarter of a century, was bequeathed \$35,000 and all the clothes' wearing apparel. Jerry Cox, the maid's husband, and chauffeur and house man for the screen star, was left \$15,000 and her automobiles.

Alan E. Walker, a friend of long standing, who with Mrs. Walker was at the bedside when Miss Dressler died last Saturday in Santa Barbara, was named executor of the estate without bond. The actress requested them to reside in her Beverly Hills home until it is sold, and Cox and his wife are to continue as servants there until the sale, receiving their regular salaries until the estate is settled.

As a precaution against imposters who might attempt to claim a share of her estate, and against relatives she did not wish to remember, Miss Dressler stated in her will, dated in May, 1934, that she disinherited all persons who might lawfully be determined as heirs at law, those she named in the will excepted.

Miss Dressler ordered the executor to sell all her properties, after the bequests are made, the actress' sister, Bonita Anthony, residing in England, to have the remainder of the estate.

REDUCTION ANNOUNCED IN AIR EXPRESS RATE

Material reductions in air express rates effective on August 15 were announced Thursday by the air express division of Railway Express Agency.

Flat rates of 85 cents for three-fourths pound or less, and \$1 for one pound package are offered for air shipment to any point on the nation-wide commercial airline system over which the company operates. Included in these rates are special pickup and delivery.

Rates on these weights previously ranged from \$1 to \$1.50.

While slight reductions are announced for the heavier weight air shipments, greatest reductions occur on lighter packages which now constitute a large percentage of traffic.

The lowered tariffs will tend to increase volume in the commodities now handled and will enlarge the scope of this swift system over commercial air lines by Railway Express, it is stated.

Pages From the Life of Germany's Idol, President Von Hindenburg

A military career that lasted for three-quarters of a century, during which he became the idol of his beloved German people, is marked by many outstanding achievements by the 86-year-old "iron man" who died at his country home at Neudeck. No. 1 shows the Neudeck home; No. 2, as president, with Chancellor Adolf

Hitler; No. 3, Hindenburg the young soldier of nearly 70 years ago; No. 4, recent pictures of the old general who, through all hardships and reverses, retained the faith and hero-worship of the Germans, and No. 5, with the kaiser during the World War after his recall from retirement.

DEATH OF GERMAN STIRS HITLER FEAR IN CHIEF CAPITALS

Continued From First Page.

how far "Der Fuehrer" will go to keep his control over the government. President Albert Lebrun and Premier Gaston Doumergue telegraphed expressions of sympathy to Hitler, and throughout the nation there were expressions of personal esteem for Von Hindenburg.

The death of the aged German military and political leader recalled their own change in attitude toward him. During the war he was, to Frenchmen, the personification of the menacing German war machine, and as such as thoroughly hated. But when he was elected president of the reich in 1925 he was hailed a tower of strength for the German people who were seeking to avoid war because of his personal realization of the consequences of war.

LONDON, Aug. 2.—(P)—Great Britain's apprehension over Germany's future, now that Von Hindenburg is dead and Adolf Hitler has become the sole arbiter of that nation's affairs, is sharpened by a noticeable "cooling off" in Anglo-German relations the past few months.

A series of incidents, including the German debt controversy and the Austrian situation, has caused differences to increase at the moment the one man regarded as the greatest stabilizing influence in Germany passed on.

Sources close to the British government today pointed out that foreign powers cannot possibly repose confidence in Hitler to the degree they did in Von Hindenburg.

Genuine sorrow over Von Hindenburg's death, expressed privately in government circles and reflected among the whole British people, was obviously subdued because of anxiety over Germany's destiny, now that the reichspresident is gone.

But there was a notable lack of public comment from cabinet members and other responsible British leaders despite the exalted position of Von Hindenburg.

The report reached Mussolini at his home town, Forli, where he passed the day. He also dispatched a message to the family of Von Hindenburg.

Fulvio Sulovich, undersecretary of foreign affairs, called on the German

World Leaders Join in Praise Of von Hindenburg's Virtues

By the Associated Press.

In every land yesterday there were expressions of regret that Germany's sturdy oak, President Paul von Hindenburg, has fallen. And almost invariably the expressions of sorrow were coupled with the question, "how will distracted Germany get along without him?"

Following are some of the comments: VIENNA—"Through all the tragic events of recent days the name of von Hindenburg has remained for us a symbol of the German people," said Kurt Schuschnigg, new chancellor of Austria, in a statement regarded in some quarters a gesture of peace to alleviate strained Austro-German relations.

LONDON—King George, a message to the late reichs president's son, Colonel Oskar von Hindenburg, said that the old leader's "qualities both as a soldier and a statesman will insure him an honored place in the annals of our country."

WASHINGTON—"The world has lost an outstanding figure, whose character, integrity, and loyal devotion to his country have commanded the respect and admiration of all peoples," Secretary of State Hull said in a communication to German authorities.

ROME—Premier Mussolini voiced his sorrow at the death of President von Hindenburg in telegram to Adolf Hitler and members of the reichs president's family.

PARIS—France, while paying tribute to von Hindenburg as a soldier

and a man, viewed the future of its relations with Germany with apprehension. President Albert Lebrun sent messages of condolence.

PARIS—Von Hindenburg's devotion to Germany and her people, whether in a military or a civil capacity, was his most striking characteristic, General John J. Pershing, leader of the American forces in the World War, said of his erstwhile foe. He expressed admiration for the German leader's capacities as a soldier.

CASTEL GANDOLFO—Pope Pius XI, fearful that the death of von Hindenburg must contribute to the difficulties of Europe, instructed the papal nuncio at Berlin to express the Holy See's sorrow at the passing of the president. The pope said he will pray for the welfare of the German nation.

DOORN, The Netherlands—Former Kaiser Wilhelm, commenting on the death of von Hindenburg, observed that a "life richly blessed by the Lord has found its end."

PROUTS NECK, Maine—"In a decade of storm and stress von Hindenburg was a stabilizing factor of great potency, always just to Germany and also just to other nations," Dr. Jacob Gould Schurman, said in the described several years of intimate association with the German president in his capacity as ambassador to Germany.

DUBLIN—President De Valera, of the Irish Free State, sent a message to the Irish Minister of Neutrality expressing deep sorrow at the death of the "great soldier and statesman."

NEW OATH REQUIRED OF REICH SOLDIERS

BERLIN, Aug. 2.—(P)—Werner von Blomberg, minister of war, today was reported to have prepared the following oath to be sworn to by the reichswehr—the German standing army:

"I swear by God this holy oath: That I shall be absolutely obedient to the Fuehrer (the leader) of the German reich and people, Adolf Hitler, supreme head of the army, and that I will be ready as a brave soldier to give my life for this oath."

(yes) for those voting in the affirmative. Great virtue was attached in that plebiscite on voting early.

The rapidity of the action which concentrated authority over 65,000,000 Germans in the hands of one man recalled the speech with which the nazis first came to power on the morning of January 30, 1933.

Trained to Obey. Once again the Germans showed they are a disciplined people, trained to obedience. The change from a country governed at least theoretically by constitution to absolute dictatorship seemed to cause no ripple.

It was another incident in the nazis' consolidation of their position of power. Dire whisperings that the reichswehr, which worshipped the aged President von Hindenburg as a hero, might refuse obedience proved unfounded—as unfounded as had been reports of a general strike when Hitler became chancellor.

By nightfall, the propaganda ministry announced the entire army and navy had taken the oath.

It was administered wherever detachments happened to be or where ever ships lay at anchor or moved through the seas.

Smooth So Far. Though everything thus far has gone smoothly, Hitler is known nevertheless to realize that a terrific task confronts him.

It was impressed on him by various advisors who visited him today—notably Wilhelm Frick and Hermann Wilhelm Goering, cabinet members—that the world looked on von Hindenburg as the last brake on impetuous, unbridled radicalism in Germany.

Hitler's more conservative advisers urged that he must give proof to the world that under his sole leadership Germany will not embark on policies and experiments which will bring her into conflict with the whole world.

Reassurance Expected. Political circles expect that the new president-chancellor will incorporate into his funeral oration for Von Hindenburg reassuring words as to the future of the third reich.

Some observers saw in the haste with which the new oath was administered to the army an indication that Hitler decided to take no chances—that he believes in surprise movements executed before a possible opponent has time to think.

HINDENBURG CREDITED WITH PROTECTING JEWS

PROUTS NECK, Maine, Aug. 2.—(P)—The restraining hand of the late President von Hindenburg, of Germany, was laid on the recent anti-Semitic campaign in that country, Dr. Jacob Gould Schurman, former ambassador to Germany, said today.

Reminiscing in the vacation quiet of exclusive Black Point inn, Dr. Schurman recalled his first meeting with von Hindenburg in 1925, and his last, in 1933. In the first instance, when he went to Berlin as ambassador, the subject of the discussion was war-hate of Germany by other nations. A year ago, it was the anti-Semitic campaign, Dr. Schurman said.

Summoned to a friendly chat with von Hindenburg, whose confidence he was, during his visit to Berlin last year, Dr. Schurman obtained the aged leader's permission to speak frankly and then broached the Jewish question.

"I told him there was serious danger that it would nullify to a considerable extent the 'oration of friendly relations between Germany and the United States for which we had both worked hard," said Dr. Schurman, and the president agreed.

Dr. Schurman also related von Hindenburg's concern over world belief that German soldiers had "crucified Belgian babies" in the World War.

It was in their first meeting in 1925, after they had exchanged diplomatic courtesies, that, in a private conversation, von Hindenburg brought up the subject, Dr. Schurman said.

"Von Hindenburg felt it a stain on the honor of the German army and found it incredible that other nations should believe it—but for the fact that they had believed it," said Dr. Schurman. "Their belief cut him to the quick. It was the iron entering his soul. Nothing struck deeper into his heart."

LAWYER CHARGES SLUR ON VETERANS TO JUDGE PITTMAN

Continued From First Page.

he said that he saw no reason why any veteran should be given a free license and claimed that the law should be amended so that free licenses should go only to disabled soldiers away from Spanish-American War and World War veterans.

Mr. Thomas said the next question he had prepared to ask Judge Pittman was why he (Judge Pittman) was not in the service during the war.

"Judge Pittman was single, able-bodied and of age during the war, yet he saw no service whatever," Mr. Thomas said. "I wanted to ask him and I think the Veterans of Foreign Wars will want to ask him why he is discriminating against the veterans when he did not see service himself."

Several Important Questions. "These are only two of several important questions Judge Pittman should answer to the veterans," the lawyer said. "Another of equal importance has to do with a case which he passed on in his Cherokee circuit in which he awarded a garnishment order to a man who had obtained a judgment against the brother of a soldier killed in France. This soldier's brother was a small part of the soldier's insurance and despite the fact that the federal law creating the insurance exempted it from garnishment, Judge Pittman slapped a garnishment on it."

Thomas explained that this case went before Judge Pittman without a jury and that Judge Pittman awarded the garnishment. The decision was set aside by the court of appeals and the case remanded for a new trial.

"The decision of the court of appeals was set aside by Justice L. J. Suttton," Thomas said. "In it Judge Suttton not only called attention to the law creating the insurance but also called attention to the fact that the supreme court in 1928 had earlier had passed on a similar case and remanded it for a new trial."

FLORIDA TO RECEIVE MORE RELIEF CATTLE JACKSONVILLE, Fla., Aug. 2.—(P)—H. E. Goodwin, director of commodity distribution for the Florida emergency relief administration, said today he had ordered 30,000 more beef cattle from the midwestern drought areas, bringing to 60,000 the number the state will receive.

GESTURE OF PEACE MADE BY AUSTRIA

Schuschnigg, New Chancellor, Pays High Tribute to Hindenburg.

VIENNA, Aug. 2.—(P)—Comment interpreted as an effort to ease strained relations between Germany and Austria, was made by Austria's new chancellor, Kurt Schuschnigg, as he expressed regret over the death of President Paul von Hindenburg, of Germany.

Schuschnigg added that the Austrian cabinet will take up next week the question of accepting Franz von Papen as minister to Austria. He indicated the door has not been closed to the acceptance of the man on whom Adolf Hitler recently had relied to restore amiable relations with Austria.

Schuschnigg gave expression to the essential solidarity of all Germans, whether Austrian, Bavarian or Prussian, as he made a feeling tribute to von Hindenburg as "the sacred symbol of German unity."

The news of von Hindenburg's death made a profound impression through Austria, the chancellor said. The funeral of the aged leader, which took place at the grave of his own Chancellor Dollfuss, he said.

"Through all the events of recent days, the name of von Hindenburg has remained for us a symbol of the German people," he added.

Those who heard the chancellor's tribute and regarded it a peace gesture toward Germany, saw further reason for optimism in the action of the military court which this afternoon sentenced the third of the Nazi leaders to life imprisonment instead of death.

The Austrian chancellor referred to the large public participation in the funeral of Dollfuss as a posthumous approval of the assassinated chancellor's policies.

"More thousands actually took arms against the government in the fighting which followed the Reichswehr putsch, but hundreds of thousands lined the route over which Dollfuss was carried to his grave," Schuschnigg said.

"We will soon take an opportunity to show the world that the Austrian people gave full approval to Dollfuss' policies," Schuschnigg continued.

The remark was regarded by some as an intimation that a new general election may be held in Austria soon, the sentence of the new state the people will be given a voice in the affairs of the government.

But there seemed to be less likelihood of an election when he completed the statement by saying that the old forms of parliamentary democracy have vanished forever. He said, however, that through the corporative or authoritarian system, the people will be given a voice in the affairs of the government.

Schuschnigg's First Reception. Schuschnigg gave his interview in his first reception of the press correspondents since he became head of the government. As he spoke he stood stiffly in the same room in Ballhausplatz where Dr. Dollfuss last week spoke on the tragic events of the Austrian civil war.

"It would be premature for me to comment on these unhappy events now," he said. "I shall content myself with saying that the investigation has not yet been completed, and that when it is the result will be made public in full."

The Nazi sentence to life imprisonment today was Paul Hudi, 41-year-old former officer, who was wounded and decorated in the World War.

Although he admitted his part in the putsch of July 25 in which Chancellor Dollfuss was slain, he escaped the sentence of hanging which was imposed and executed in the case of two other outcasts and of a Nazi who killed a police officer.

Hudi created a stir by saying the government employees who were in the federal chancellery did not feel as if they were prisoners of the Nazis, but that several shouted "Hell Hitler!" when the putschists arrived.

The personal adjutant of Emil Fey (cabinet member) cordially welcomed me, and handed me his visiting card," declared Hudi.

"5. Publication of the Market Bulletin. (This issue paid for by individual subscription.)

"Are you willing to take the risks imposed by your governor in the complete loss of above functions?"

"This is not a political issue," the Bulletin said. "It is too serious. The effects will eventually enter every farm and city home in Georgia. The general welfare of the entire state demands action in an emergency created by your governor for political purposes alone."

The governor knows now he cannot dictate the political influence of this department for his 'striker' Tom Linder and is determined to wreck it completely by starvation.

Although this same governor spent \$40,000 more than the amount asked for in this budget for the same period when he was commissioner of agriculture he now refuses to permit the expenditure of 1 cent of a legal appropriation unless his political henchmen are kept in office and paid with state funds.

Publication of the Georgia Market Bulletin was begun March 1, 1917, and was continued until the end of Commissioner Brown's term in 1929. It then lapsed for six months but was then picked up by Commissioner Tallmadge and has been published regularly until now.

THREE MEALS A DAY

KITCHEN TESTED RECIPES

by Sally Saver

Even in the hottest of weather we want, occasionally at least, some new meat dish and this week I have decided to present to my readers a few new ways to prepare meat. I am sure you will agree they are out of the ordinary and that even though the weather is warm, meat prepared as I give below would be relished.

PLANNING MAKES

So often meals which are quickly and easily prepared, as is desirable for summer, are thought to be expedient, but quite the contrary may be true if the meals are carefully planned.

Lamb Patties in Tomato Sauce.
2 pounds ground lamb.
1 clove garlic.
Salt and pepper.
1 tablespoon lard.
1 medium-sized onion.
2 medium-sized sweet pickles, diced.
2 tablespoons vinegar.
1-2 cup strained tomato juice.
1 teaspoon flour.

Have lamb from the neck, breast or shoulder ground at the market. Rub a mixing bowl with a cut clove of garlic. Mix the ground lamb with salt and pepper and shape into patties or cutlets. Brown these on both sides in hot lard, then cover, reduce the temperature and let them cook until they are done, 10 or 15 minutes, depending upon the size. Remove them to a hot platter and make a sauce in the pan from the other ingredients. Thicken with flour moistened with a little of the vinegar. Serve this sauce around the lamb patties.

Planked Ground Beef.
2 pounds ground beef.
1 egg, beaten.
1-2 cup milk.
Mashed potatoes.
Cooked carrots.
Cooked peas.
4 slices bacon.
Salt and pepper.

Season ground meat with salt and pepper, and grated onion. Bind together with beaten egg and moisten with milk. Bread or cracker crumbs may be added if desired. Form the mixture into a thick steak, and cook for 15 minutes in a hot frying pan, turning once so that both sides of the steak are nicely browned. Place this steak on the center of a plank or fireproof platter. Surround with mashed potatoes piped through a pastry tube, cooked carrots cut in lengthwise pieces, and drained new peas. Lay slices of bacon over the steak and place under the broiler flame long enough to brown the potatoes and cook the bacon.

Ham Souffle with New Potatoes.
1 cup minced cooked ham.
4 tablespoons butter.
3 eggs.
4 tablespoons flour.
1 cup milk.
Salt and pepper.
Paprika.

Melt the butter, and add the flour, then the milk. Cook until thick and season with salt, pepper and paprika. Add the minced ham, then the well-beaten egg whites. Pour into a buttered ring form set in a pan of hot water and bake until firm. Unmold onto a platter and fill the center of ring with new potatoes which have been rolled in parsley butter.

Baked Ham and Pineapple.
2 cups cooked ham, ground.
1 egg, slightly beaten.
2 cups mashed sweet potatoes.
2 tablespoons butter.
6 slices pineapple.
1-2 pound bacon, cut in long thin strips.

Salt and pepper.
Mix the ham with slightly beaten egg and form into cakes the size of pineapple rings. Season the sweet potatoes with butter and salt and pepper and shape into cakes the same size as the ham. Split each slice of pineapple in two to make thinner slices. Place on a slice of pineapple, the ham patty, sweet potato patty and then the other slice of pineapple. Wrap two strips of bacon around each serving and secure with toothpicks. Place in a buttered baking dish in a moderate oven (350 degrees F.) long enough to cook the ham and thoroughly heat the ham and sweet potato. Serve while hot.

Oven Hash.
2 cups chopped cooked meat.
4 medium-sized potatoes, diced.
1 cup stewed tomatoes.
2 stalks celery, diced.
1-2 cup left-over gravy or meat stock.

1 egg, beaten.
1 medium-sized onion, grated.
Salt and pepper.
Mix the meat, potatoes, celery and onion. Combine with beaten egg, gravy and tomatoes. Season with salt and pepper and put in a greased baking dish. Bake in a moderate oven (350 degrees F.) until the hash is thoroughly heated.

Meat Salad.
1 cup cooked pork, lamb, or veal, diced.
1-2 cup asparagus, sliced.
1-2 cup celery, sliced.
1-2 teaspoon vinegar.
Mayonnaise.

Mix the meat, potatoes, celery and onion. Combine with beaten egg, gravy and tomatoes. Season with salt and pepper and put in a greased baking dish. Bake in a moderate oven (350 degrees F.) until the hash is thoroughly heated.

Spanish Pork Chops.
6 pork chops, cut 1 inch thick.
1 can tomato soup.
1-2 cup water.
1 small onion.
1 teaspoon chili powder.
Salt and pepper.

Brown the pork chops on both sides in a hot skillet. Mix together the other ingredients and when the chops are nicely browned, pour the mixture over them. Season with salt and pepper, cover tightly and let simmer until the chops are done, about 45 minutes.

2 pounds real steak, cut 3-4-inch thick.
2 tablespoons lard.
1 egg, beaten.
1 cup fine dry bread crumbs or cracker crumbs.
1-2 cup thick sour cream.
1-2 pound fresh or canned mushrooms.
Salt.
Pepper.

Cut the veal into individual portions. Season with salt and pepper, dip in beaten egg, then dredge in crumbs. In the meantime, heat the lard in a heavy skillet, and sear the pieces of meat well on both sides. Add the cream, reduce the heat, cover tightly and allow to cook slowly for 20 minutes. Chop the mushrooms and add them to the meat, cover and continue cooking for 30 minutes, or until the veal is done.

Corned Beef.
1. Arrange slices of cold corned beef on a platter and garnish with head lettuce. Serve with horseradish sauce made by mixing 2 tablespoons grated horseradish, 1 tablespoon vinegar, 1-4 teaspoon salt and a few

Poderjaj Is Indicted On Charge of Perjury

NEW YORK, Aug. 2.—(AP)—A New York county grand jury today returned an indictment charging Captain Ivan Poderjaj, husband of the missing Agnes Tufverson, New York and Detroit lawyer, with perjury. The indictment was based on a charge that when he married Miss Tufverson last December, Poderjaj swore falsely to the marriage license application. A complaint filed by Selma Tufverson, sister of the missing woman, claimed she had definite proof of a prior marriage of Poderjaj, on March 22, 1933, in England to Miss Suzanna Ferrand.

Miss Tufverson has been missing since last December 20, 16 days after her marriage to Poderjaj.

grains cayenne. Add this mixture to 4 tablespoons whipped cream.
2. Heat slices of corned beef and serve with hot chili sauce.

3. Grind corned beef, combine with bread crumbs and onion in the proportion 1 cup corned beef, 1-2 cup bread crumbs, and 1-2 small onion. Bind the ingredients together with 1-2 cup white sauce. Mold into patties and brown in bacon fat. Serve with tomato sauce and garnish with green pepper.

Dried Beef Rarebit.
1 cup dried beef.
3-4 cup tomatoes.
4 eggs, slightly beaten.
2 tablespoons butter.
1-4 cup grated cheese.

Melt the butter in a frying pan, add the dried beef and allow it to crisp. Pour in the tomatoes and heat thoroughly. Add the cheese and stir until it is melted. Add the slightly beaten eggs and stir until thick. Serve hot on triangles of buttered toast.

MARIETTA, EAST POINT WILL HEAR TALMADGE

Governor Schedules Campaign Speeches for Saturday and Tuesday.

Voters of Cobb and Fulton counties will hear Governor Eugene Talmadge in brief campaign addresses Saturday morning at Marietta and Tuesday night at the East Point city auditorium, it was announced Friday.

The governor, who will make the fourth major address of his campaign, Saturday afternoon at Dalton, will stop for a few minutes to address the voters of Cobb and adjacent counties Saturday morning en route to Dalton. The chief executive will appear at the courthouse square at 8:30 o'clock and will talk for 15 minutes.

He will then proceed to Dalton and it is expected that a number of his supporters will go to the Whitfield county seat to hear his address in the afternoon.

The speech at East Point Tuesday night will climax a county-wide Talmadge rally sponsored by the Fulton County Talmadge Club.

Henry C. Davidson Jr., president of the club, announced the program for Tuesday night's meeting, which will begin at 7:30 o'clock. C. W. Fowler, city clerk of East Point, will preside over the meeting.

In addition to the governor, other speakers on the program will include Mayor E. D. Barrett, of College Park; Judge A. C. Parham, of East

Nephew of Atlanta Awarded Scholarship

Forrest Kenner, 17-year-old son of Mr. and Mrs. E. H. Kenner, of Webster Groves, Mo., has been awarded a scholarship at Yale University. He is a former Atlanta boy, a nephew of Mrs. B. W. Ballard, of 3354 Peachtree road, and at one time attended the Virginia Avenue school.

Last summer young Kenner studied in France through an International Schooboy Fellowship. His brother, Rodham, 20, who begins his sophomore year at Yale this fall, also won a Yale scholarship in 1932. He attended the Virginia Avenue school here with his brother.

Point: Mrs. J. T. Livsey, president of the East Point Woman's Club, and W. P. Middlebrooks, labor leader, who is a former national president of the Switchmen's Union.

The committee of East Point citizens in charge of arrangements announced Thursday that loud-speakers would be placed in the park outside the auditorium so that all who come may hear the speeches.

20 Soviet Officials Arrested by Japanese

MOSCOW, Aug. 2.—(UP)—Dispatches from Khabarovsk, in far eastern Siberia, tonight said Japanese gendarmes had arrested 20 soviet officials on the railroad near Pogranichnaya, north of Manchuria.

The move was interpreted in Moscow as an effort by Japan to disorganize the railroad administration in the hope that the Russian government will accept a lower price. Manchukuo is trying to buy the Chinese Eastern railway from Moscow.

ATLANTAN WILL SEND EXPRESS BY AIRPLANE

Armand May of the American Mills will send a package by the Railway Express Agency to Miami on August 7, from which place it will be sent by airplane express to Columbia in a service which is sending express by air to 32 Latin-American countries.

The first shipment of air express left Miami on August 1. President Roosevelt's aviation commission, of which Clark Howell is the chairman, was present, as well as consular corps and city officials.

Langer Gives Up Plan To Seek Nye's Recall

BISMARCK, N. D., Aug. 2.—(P)—Plans to recall United States Senator Gerald P. Nye apparently had been abandoned by the faction headed by ousted Governor William Langer shortly after leaders announced today that the recall movement was "all set."

Recall of Nye was discussed at a meeting of the executive committee of the republican state central committee this morning, and members indicated the recall petitions would be placed in circulation by tonight.

Later, however, word came from

Canada Now Drinks Booze From Montana

HELENA, Aug. 2.—(P)—A counter movement is under way on the Canadian-Montana border. For 14 years the desire of thirsty Montanans into the dominion was almost continuous.

Now, however, with state dispensed liquor available at prices considerably under Canadian quotations, the movement is reversed.

To provide for the wants of Canadian buyers, the state control system today announced the opening of a store at Sweet Grass on the international line. In addition, the control board has learned scores of speakasies have opened for business along the border.

Leaders the recall plan had been withdrawn.

It was indicated that leaders high in the faction's councils had "put their foot down" against the movement.

State Senator A. F. Bonzer Jr., prominent Langer faction leader, who said Langer was opposed to the recall, appeared before the committee in opposing the plan.

People Just Beginning To Feel Benefits Of Japan's Aid in Manchukuo, Clarke Finds

The cabinet ministers of Manchukuo meet regularly once every week. (Special sessions may be held whenever necessary.) The upper picture shows these Manchukuo helmsmen lined up for a pose after one of their weekly gatherings. From left to right: Messrs. Lo Shen, secretary to the premier; Chang Yen-ching, minister of industry; Hsieh Chieh-shih, foreign minister; Tsang Shih-yi, minister of civil affairs; Cheng Hsiao-hu, premier and education minister; Sun Chih-chang, vice minister of finance; Chang Ching-hui, minister of defense; Ting Chien-hsu, communications minister, and Feng Han-ching, justice minister. Hsi Chia, the finance minister, is absent.

Below is shown a modern motor road which is to connect Hsinking, the capital, and Kirin, chief city of Kirin province. The work is done by the government's state highways bureau. Within the next 10 years the state will build 60,000 kilometers of good motor roads.

(This is the sixteenth article in Mr. Clarke's series on the far east.)

By FRANCIS W. CLARKE.

HSINKING, Manchukuo.—(By Mail) Much has been written about the new state of Manchukuo, but the world still does not know what is below the surface, nor what the future holds for the 30,000,000 people of Manchuria, chiefly because the foundation upon which future conditions must rest is still being laid, and surface conditions, as they now exist, are changing, in many instances, with lightning-like rapidity.

It is to the credit of the Japanese—the fairy godmothers of the new state—that when they discover they have made an error, or that some policy has proven unwise, they will admit their mistake and go about rectifying it. Their task is made all the more difficult in that they are striving to create a new nation of Chinese people, governed by Chinese officials. No Chinese can admit an error without losing face, and face is the one thing a Chinese official must

preserve if he is to continue to have the respect and support of the people he represents.

Key to Empire.

Five years ago, after a lengthy and thorough examination of the natural resources of Manchuria and the governmental conditions under which its inhabitants were living, the writer expressed the opinion that if ever good government came to this rich and favored area, a new far eastern empire would soon be in the making.

Under the direction of Japan this empire is now not only in the making but is actually and factually far along the way to completion.

During two-score centuries or more the Manchus, a proud and hardy race, have alternately conquered and been conquered, reaching the pinnacle of their achievement when they defeated China and a long line of Manchus perors began to rule in that country.

In the change there was little of good government in Manchuria, practically no schools, hospitals or good roads except in the Japanese-leased territory in the south, and taxes of every conceivable kind were piled on to farmer and merchant alike in order to fill the coffers of the war lords.

All Changed.

All of this has undergone a kaleidoscopic change since the sudden explosion at Mukden two years ago. There has come into existence a governmental set up that is functioning in a remarkably effective way in view of the quickness with which it was created.

Taxes have been lowered, a stable currency created in the place of the paper notes the Changs had printed whenever they ran short of funds; schools and other public services are springing up by the thousands; and a thoroughly modern communications system—something almost entirely lacking under the Chang regime—is now in full operation, including telegraph, telephone and wireless, airplanes and buses and railroads the equal of those in any country in the world.

In view of the success with which the creation of this new government is meeting, it is, perhaps, not surprising that with the boundaries of Manchukuo little is heard now of the question of recognition of the new state by the nations of the world.

As a matter of fact, recognition is not now one of the outstanding problems in Manchukuo. Both the Japanese and the Chinese would like to have it, largely as a matter of face, but at the present stage of the Herculean task of creating a new state for some 30,000,000 people who know little or nothing about what government meant, it would be of but very little help.

Japan Seeks Order.

What the Japanese are now trying to do—and it should be borne in mind that Japan's first action in the creation of the new state was taken as a defense step to create at least a neutral territory between herself and her ancient enemies, Russia and China—is to bring a semblance of order out of the chaos that existed when Chang Hsueh-liang fled; to set up the best possible form of government to meet the peculiar needs and satisfy as best possible the Chinese inhabitants of the country; and to select for the ranking offices in the new government Manchus of intelligence and, most important, of integrity.

As a rule, the Manchus have no more love for the Japanese than do the Chinese. They are as far apart as the poles in many of their most dominant characteristics and bitterly resent the fact that Japan has forged ahead through the adoption of modern methods, while they have gone from bad to worse through having stuck to the civilization that carried them to the heights of power and influence in the early years when China ruled the eastern world.

Leaders Scarce.

As a result of this antipathy, most of the educated and wealthy Manchus fled to China two years ago. Only a small minority were left in the country—and some of these only because they could not make their escape when Japan started the task

situation regarding the creation of the new government is that while in the United States and other western nations the prediction is frequently heard that "Japan is planning to gobble up Manchuria as she did Korea," the Japanese government and the Japanese officials in Manchukuo assert as a unit, and with the utmost emphasis, that they are in Manchuria not for conquest but for the friendly assistance of a neighboring people who are in need of good government.

These officials say "Our emperor, in his imperial respect, has plainly and definitely set forth that our only activities in Manchuria shall be for the creation of a new and independent government. That we are earnestly and even prayerfully trying to do. We have made mistakes, and admit them, and are trying to right them; we have nothing to conceal and we invite the assistance of every other nation on earth in the performance of a task we believe to be of inestimable importance to the entire human race."

Needed Advice.

In view of such statements, it is difficult to believe that Japan is not sincere in her announcement that she is merely assisting in the creation of a new government, which in the last analysis will be a government of Chinese for a population that is 90 per cent Chinese. True it is that everything that has been done so far by the new government has been done at the direction of some Japanese official or advisor; but it is also true that if the task had not been performed so far by the Japanese, the present governmental set-up would not be in existence.

That get-up has already accomplished many major objectives. These objectives, it must be admitted, are chiefly those of a general nature, and their benefits have not, as a rule, spread to the mass of the people. It takes time for good government, improved communication methods, for schools and hospitals to exert their influence, but if nothing goes wrong, the lot of the average inhabitant of Manchuria should begin to improve steadily, and his government should become more efficient and dependable.

Conquest Denied.

Mississippi Enjoys Biggest Tax Month

JACKSON, Miss., Aug. 2.—(P)—The state tax commission in July collected more revenue than ever before in a single month since the department was established.

More than \$700,000 flowed through the commission channels into the state treasury, topping the previous high month, November, 1933, by approximately \$50,000.

The record yield, Chairman Alf H. Stone, of the tax commission said, could be partially attributed to the work of the large field force recently established under authority of the 1934 legislature.

Sales tax collections led the list of nine levies administered by the commission, turning in \$315,210 for the month just ended, against \$231,268 for July, 1933, and \$243,025 for the preceding month this year.

Next in line of producers was the franchise tax, which accounted for \$206,660.

Tobacco and malt tax revenue soared past the \$100,000 mark for the second time in as many months, producing \$101,442. It turned in \$103,526 in June.

The beer levy, estimated by legislative leaders to yield \$200,000 during the biennium, already has produced more than half that amount in the first four months of its operation. In July it accounted for \$19,308, bringing total collections from the tax to \$136,877 since four per cent beer was legalized last February 27.

Evidence of the useful public service of Georgia banks is that for only one year in the last ten has the government of Georgia gone outside its own state for loans on School Warrants sometimes totaling as high as \$5,000,000 per year, Georgia banks quoting lower competitive rates than eastern institutions, with substantial savings to taxpayers.

The First National was privileged to handle the entire State School Warrant issues for five out of the nine years and participated substantially in the other four.

ITALY WILL SPEND BILLION ON ARMS

New Decrees List Huge Sum for Planes and Naval Construction.

ROME, Aug. 2.—(P)—Official decrees published tonight revealed new plans for air force and naval expansion by Italy.

An appropriation of 1,200,000,000 lire—about \$100,000,000—will be poured into the military air force during the next two or three years.

The decree provides that this sum be spent during the present and "succeeding years" in renewing the nation's air defense forces.

The number of ensuing years was not given, but it was generally believed that the expenditure, which the official Gazette listed as "extraordinary," will be made over a relatively brief period.

Another decree authorized appropriation of 354,000,000 lire for "naval construction."

This sum was to be divided over the period intervening before the end of the fiscal year 1935.

The first allotment of 20,000,000 lire will be spent during the 1935-36 fiscal year, and the remainder will be divided equally between the two ensuing years.

Naval circles believed that this appropriation is in addition to that of June 8 authorizing 50,000,000 lire to be spent between 1935 and 1940.

The earlier decree stipulated that the expenditure was complementary to the usual appropriations for new construction.

It was recalled also that Premier Mussolini told the chamber of deputies that at least 1,000,000,000 lire will go into naval construction.

Later it was announced that two new 35,000-ton capital ships will be built.

Although the two most recent appropriations totaled the promised billion, naval authorities said this did not necessarily mean these sums involved the two new ships.

It was considered probable that tonight's appropriation is entirely apart from the plans for the two ships.

OPTION ON LIQUOR IN GEORGIA CITIES PROPOSED BY KEY

commander of Atlanta Post No. 1, American Legion; Charles W. Bernhardt, inspector of Spanish-American War Veterans, Atlanta; J. P. Lubkin, state commander of Veterans of Foreign Wars, Columbus; Otis Puckett, commander of D. A. V., Frank Green, commander of Atlanta post, V. F. W.; J. W. Anderson, Georgia departmental commander of Spanish-American War Veterans, Macon, composed of the committee which sought concurrence of the mayors in clarification of veterans' license laws.

While the mayors were in sympathy with the move, and were pleased that the veterans themselves are taking the initiative, they thought it should have the study of the tax committee before being given official sanction.

Major provisions of the suggested clarification are:

1. That only veterans whose incomes are insufficient to render them

liable for federal or state income tax be eligible for free licenses.

2. That proof of disability of at least 10 per cent be mandatory before a veteran is eligible, and

3. That application for the application of such free license shall be passed upon by the state tax commission, which shall be vested with authority to make rules for enforcement.

No State-wide Issue.

Although Mayor Key emphasized that local option in prohibition should be allowed under the home rule bill, he asserted positively that he did not want to make that "a state-wide issue at this time."

"What I want to do is to get the reaction of candidates from the governor down on a constructive program to help cities," Key said. "I want to get this now, before the September 12 election. It might have something to do with how I vote."

"I know the people of Georgia want to be fair to the cities of this state. They want to know the facts, and to know that we are not going to ask anything which is not right. It is our fault that many measures which relate to the detriment of cities are passed. We have sat idly by and the people of the state did not know how we would be affected."

"These conditions cannot longer exist. We propose to take a concerted stand where any law will work a decided hardship on cities as against other sections of the state, and the people of Georgia will back us up."

The following attended the Macon meeting: James L. Key, Atlanta, president; J. P. Ashley, Valdosta, first vice president; James A. Fort, Americus, treasurer; J. C. Robinson, Atlanta, secretary.

Vice presidents, T. C. Gamble, Savannah; Herbert L. Smart, Macon; H. E. Allen Jr., Augusta; R. F. Armstrong, Albany; C. W. Moore, Greenville; J. A. McKay, Rome; D. C. Smith, Columbus; J. M. Gardner, Brunswick.

Directors, S. T. Wright, Waycross; J. A. Cason, Barnesville; B. W. Boyd, Union Point; D. T. Bowers, Cannon; G. W. Westcott, H. H. Westcott, A. Chapman, Dublin; J. R. lation fines downward for first offenders.

A feature of the committee meeting Thursday night was an attack on police methods by Councilman William G. Hastings, of the sixth ward and former chairman of council's traffic committee. Hastings charged members of the department with the knowledge of the chief or the police committee, with refusing use of telephones to inmates in order that they may communicate with friends even when charged with minor offenses.

"Members of the department lack discretion or tact," Hastings asserted and cited an instance where a December citizen was charged for a traffic law violation "while his frightened 12-year-old daughter was forced to sit for about 15 minutes in an automobile parked on Decatur street in front of the police station. This occurred while her father vainly tried to obtain permission to telephone his wife."

He also attacked blundering inspectors for a case booked against an Atlanta hotel, asserting "an employee was fined and when he did not have the money to pay up immediately, was locked up in a cell with drunkards, hooligans and other hardened criminals, who robbed him of the little money he did have on him."

Committee members again warned departmental members to be courteous to prisoners and reiterated a previous order that telephones be made avail-

Scenes at Preliminary Races of the All-American Soap-Box Derby

On the left, the boys and their mounts are seen waiting their turns at the preliminary races of the All-American Soap Box Derby Thursday. On the upper right is shown the start of a race, and below a close finish of racers. The preliminary was staged Thursday morning at 9 o'clock on North Side drive, the cars racing from the

top of the hill at Wesley road down to Peachtree Battle avenue. Forty boys survived the first test, and will be on hand with their cars at 9:30 this morning for a further elimination. Those who survive today will take part in the big derby next Saturday afternoon at 2 o'clock. The racers developed fine speed, and a larger crowd than

was expected looked on. The management promises that today's races will start promptly, there having been a slight delay Thursday because of last-minute checking of cars. Saturday's winners will receive several prizes, including a trip to Dayton to the national race, and cash and other prizes. Boys who were not in Thursday's races may enter today.

Employers Offer Peace Plan To Strikers at Minneapolis

By the Associated Press.

Efforts to end the Minneapolis truck drivers' strike and to reopen the union stockyards at Chicago suggested a 10-point peace program aimed at settling the 17-day controversy in midtown Minneapolis. The Central Labor Union joined the move by calling a meeting of all unions to discuss means of establishing a basis for settlement.

Earlier in the day, pickets had beaten four drivers, and overturned several trucks. Five pickets were arrested but three labor leaders seized by troops Wednesday.

Commission men at the Chicago stock yards decided to attempt to resume trading despite the walkout of striking handlers. Their business has been at a virtual standstill since the co-boys abandoned their jobs July 24. Hugh S. Johnson, national recovery administrator, arrived in the city by plane to deliver several addresses but said he would meet with union executives.

able to prisoners at the earliest possible moment.

Sturdivant defended officers in the Decatur street incident, saying they did not keep the man in prison but released him immediately after they ascertained that his daughter was in the parked car.

He asserted he and the entire department were attempting to treat the public as courteously as possible. Hastings said he did not blame the officers, but that some means should be devised to prevent possible recurrence.

J. C. Hopkins was elected as superintendent.

CODE OFFICIAL HERE FOR LABOR PAY DATA

Sullivan W. Jones, chairman of the national construction planning and adjustment board, will be in Atlanta today and Saturday securing data on whether the contractors' code of a 40-cent minimum for common labor should be altered.

The chairman is on a tour of several southern cities and left Columbia, S. C., Thursday night to come here, before going to Montgomery and Birmingham.

Contractors in the south have requested a stay on the minimum wage of 40 cents per hour and have asked to be allowed to pay 30 cents an hour during the stay. No action has so far been taken and Chairman Jones is now gathering information on the wage scale for common labor in this area. At Columbia, building contractors agreed Thursday to submit to the NRA a petition for a lower wage scale, such as is paid similar labor in other trades under codes of fair competition.

11 Workers Injured In Birmingham Blast

BIRMINGHAM, Ala., Aug. 2.—(P)—Explosion of a tank of tar caused a spectacular fire in the coal by-product plant of the Barrett Company early tonight, causing damage estimated by officials at between \$75,000 and \$100,000 and slight acid burns to 11 workmen. The blaze was confined to the processing and acid units of the plant which covers more than a city block.

Blazing pitch was scattered in the main building by the explosion, causing slight burns to workmen in the plant, and flames shot skyward, causing great alarm and fear that the entire plant would be destroyed.

After a bitter battle lasting more than an hour, a change of wind gave the firemen a chance to bring the flames under control and save several units of the plant.

NAVAL STORES BOARD PLANS FOR NEXT YEAR

JACKSONVILLE, Fla., Aug. 2.—(P)—Carl F. Speh, executive secretary of the control committee for administration of the gum rosin and gum turpentine marketing agreement said tonight the committee had made plans for a series of conferences with processors in efforts to co-operate with any proposed alterations in the agreement for 1935.

The present allotment, totaling 436,538 barrels, was made for a period of nine months, between April and December. Secretary Speh said tags had been issued processors for marketing approximately 64 per cent of the total crop by the end of August, leaving about 36 per cent to be marketed during the remainder of the year.

Millard Reese, Brunswick, Ga., attorney, was spokesman for the group which appeared before the control board today as a continuance of a hearing which opened here Tuesday.

Superior Judge W. R. Dickerson, of Douglas, Ga., who appeared with a committee of 10 Tuesday and who was designated one of the subcommittee which was heard today, was unable to be present.

Pierpont and Makley Seeking New Trials

COLUMBUS, Ohio, Aug. 2.—(P)—Harry Pierpont and Charles Makley, Dillinger gangsters awaiting trial in Ohio's electric chair, hope to win new trials on the basis of the United States supreme court's reversal of the Scottsboro conviction.

Briefs were filed by their attorneys in the state supreme court today in support of constitutional appeals from their first degree murder convictions in Lima, Ohio. They killed Sheriff Jesse Barber while liberating Dillinger from the Allen county jail a year ago.

A parallel between their trials and the Scottsboro case in which several negroes were condemned to death on charges of criminal assault was claimed in that an armed guard was stationed at the courthouse and restrictions placed upon spectators, witnesses, defendants, their counsel and even the jury.

GIRL FACING TRIAL FOR SUICIDE ATTEMPT

MIAMI, Fla., Aug. 2.—(P)—In the first case of its kind here, Mrs. Gaynelle Davis, 38, today was charged with a common law misdemeanor of attempting to commit suicide.

The information charged her with "willfully, unlawfully and maliciously attempting to commit suicide" by drinking poison "to the evil example of all others."

Lieutenant L. H. Parker, stationed at Fort McPherson, was injured Thursday night when his car overturned in his own backyard. The lieutenant was driving the machine into his garage at his home at 824 Cascade avenue and the car skidded on the wet driveway, turning turtle. He was lacerated about the head, and was treated at Grady hospital.

MAN UNDER ARREST SECOND TIME IN WEEK

A man who gave the name of H. R. Johnston, 44, of 270 McKennie drive, was under arrest Thursday night for the second time in less than a week.

Last Saturday Johnston was arrested after he struck Mrs. E. C. Orr, of 270 McKennie drive and broke her nose. He was bound over last Monday on a charge of assault with a dangerous weapon and fined him \$17, which fine was remitted Tuesday.

Thursday night, however, Johnston was again arrested, this time charged with drunk and disorderly and marked hold for municipal court warrant.

NEW YORK, Aug. 2.—(P)—A dis-

report of next week was reflected by a very small business in cotton today and prices fluctuated within a narrow range. December contracts after selling of from 13.24 to 13.15 sold back to the early high in the late trading and closed at 13.21. The general market closed steady at net losses of 3 to 4 points.

The opening was barely steady at declines of 3 to 6 points under scat-

Some selling through houses with Liverpool connections was reported. Otherwise there appeared very few selling orders from abroad, and the initial offerings were quickly absorbed by a moderate trade and commission house demand which included some buying through brokers with Japanese connections. October advanced from 13.08 to 13.12 right after

—Partly realizing gains promoted by the reported heaviness of the stock market and the failure of continued unfavorable weather reports from the southwest to create more active buying. With buyers indifferent, comparatively light offerings sent the market off to 13.05 for October and 13.31 for March, making net losses of 7 to 10 points on the active positions, but prices rallied in the late trading on a renewal of

Unfavorable crop advices continued to reach the market from western belt sources, but nothing was heard of any additional private end-July crop reports and a good part of the day's business was attributed to further evening-up of small accounts in preparation for next week's government figures. Exports today were 7,436,

Shipping 1,400 so far this season, which began August 1. U. S. port receipts 9,279. U. S. port stocks 2,421,682.

NEW ORLEANS COTTON

DECLINES 3 TO 4 POINTS

NEW ORLEANS, Aug. 2.—(AP)—Cotton was quiet today and prices fluctuated narrowly and without definite trend. Traders appeared unwilling to enter upon new commitments.

The opening was quiet and disappointing in the face of better Liverpool cables than due.

BLAZES CONTINUE TO SWEEP WEST

TO SWEEP WEST

**Thousands of Acres of
Forests Already Ruined
by Many Fires.**

SPOKANE, Wash., Aug. 2.—(AP)—Forest fires continued their costly sweep over widely scattered sections of the entire west today, destroying millions of dollars worth of timber and causing other millions of damage to watersheds.

The Curlew fire in the Colville forest of north central Washington continued to burn fiercely after having consumed 1,500 acres of forest. Warden's directed the 1,500 or more fighters. Early today it switched into heavy merchantable timber and away from the forest edge.

In western Montana, the Trout creek and Great Meadow blazes were roaring out of control at noon, with weather conditions still highly unfavorable. The Trout creek blaze had nearly reached the Great Meadow fire. The Trout creek blaze had nearly

doubled in size since yesterday, having an 18-mile perimeter at noon. The flames and fumes were being held by nearly 100,000 cubic feet of snow.

The Meadow Creek fire had a perimeter of nearly nine miles, with nearly 500 of this being held by 500 firefighters. The fire is located in Montana and three in Yellowstone National park were reported to be under control.

Fire is not on the Nez Perce forest in central Idaho was reported to be well under control after having burned 600 acres of grass and brush.

The last great white pine stand on the coast of British Columbia has been, some 50,000 acres of highly valuable timber, was menaced by a blaze reported to be traveling west into the mountains of the Coast of British Columbia.

All available civilian and military troops were sent to the fire, and the fire corps workers and employees of the

Diamond Match Company, which owns the timber, were rushed to the front.

several large blazes that roared over the Newlay and Salmo regions of southern British Columbia in Canada were reported under control today.

A fire that was leveling brush and scrub pine at Pine Cove, on the road to General Grant park, east of Fraser, B.C., was reported still out of control. The dwellings and a government telephone line were destroyed. Extreme dryness and other unfavorable weather conditions were hampering the fire fighting.

A blaze in the big valley region of northern California was reported controlled last night after having swept 5,000 acres.

**DR. L. SAGE HARDIN
HONORED AT PARTY
ON 61ST BIRTHDAY**

Dr. L. Sage Hardin, widely-known Atlanta physician and surgeon, was the guest of honor at a birthday party at the Georgia Baptist hospital, Wednesday, on the occasion of his 61st anniversary, it was learned Thursday.

One feature of the event was the formal opening of a room in the hospital which had been newly furnished and decorated in honor of Dr. Hardin, and on the wall of the room a tablet commemorating the event. The funds for refurnishing and refurnishing the room were contributed by a number of friends and admirers, and this feature, like the plans for the informal reception in his honor at the hospital, was a complete surprise to Dr. Hardin.

Among those who called to express good wishes to Dr. and Mrs. Harding and their family were the family, who were associates in the medical profession, members of the hospital staff, the hospital commission, and large numbers of patients and other friends.

**ASA D. McDONALD, 87,
DIES AT LINCOLNTON.**

Asa D. McDonald, 87, a Confederate veteran, died Thursday at the home of his daughter, Mrs. E. E. Hill, at Lincolnton. He was the father of W. B. McDonald, of DIS St. Charles avenue, Atlanta.

Mr. McDonald was a native of Conway, until four or five years ago when he moved to Lincolnton.

**ALLEGED HOTEL THIEF
HELD ON 'SUSPICION'**

With the arrest of a man listed as T. A. Lanier, 26, and address given as 1222 S. 12th St., Thursday, detectives said they believe they have solved a large number of downtown hotel robberies in which more than \$1,000 worth of valuables has been stolen in the last year.

Detectives John Davis and A. B. McNaughton said Lanier had con-

passed to entering hotel rooms while the men were sleeping. The charges of assault and the fact that he led them to a large portion of the loot which has been recovered and identified. He entered the room with the keys, and the Laniier is held on a blanket charge of "suspicion."

**SHOT WOUND FATAL
TO ARKANSAS CONVICT**

TUCKER PRISON FARM, Ark., Aug. 1.—(AP)—Bullet wounds received Tuesday, when he resisted arrest by trying to run from swamp lands by bloodhounds caused the death Wednesday of Palmer Bridges, convict trust guard who escaped from the Arkansas prison Monday with the company of three other prisoners.

Bridges, serving a life term for murder from Prairie county, died from loss of blood after his right arm had been amputated at a Lake Village, Ark. hospital. Two of his companions in the break were back in prison today while the third, whose story of a hidden loot cache was blamed for the delivery remained at large.

Prominent Visitors Spend Early August With Mr. & Mrs. Osburn

Listed among Atlanta's most prominent summer visitors are Mrs. Raymond Cummings and her young son, John R., of East Aurora, N. Y., who are the guests of Mr. and Mrs. Isaac Justus Osburn, at their home on Habersham road, and Miss Marjorie Beaudette, of Bloomfield Hills, Mich., who arrives Saturday to be the guests of Mr. and Mrs. Osburn.

During her visit here Miss Beaudette will be honored with a series of informal social gatherings and will be a central figure at the dinner-dances given at the club. On Saturday evening Miss Beaudette will be honored with a dinner party at the Piedmont Driving Club, the guests to include a number of the younger set.

Mrs. Osburn and her son, Ben, returned a few days ago from Virginia, where they spent the past two weeks in the mountains. They were accompanied to Virginia by Miss Jane Osburn, attractive schoolgirl daughter of Mr. and Mrs. Osburn, who is attending Camp Allegheny near White Sulphur Springs, Va.

Linwood Garden Club Entertained

The July meeting of the Linwood Garden Club was in the form of a spend-the-day party given at the summer country home of Judge and Mrs. Ralph McClelland on the Stone Mountain road.

After a short business session points were given for the best flower arrangements with Mrs. W. M. Leppard and Mrs. Charles A. Moye receiving the most votes.

The members enjoyed being shown over the McClelland home, which is constructed of golden brown logs cemented together. This construction forms the inside as well as the outside of the house. The furnishings are in the early American style to further carry out this design in building. At each end of the living room, which is in the center of the house, is a log staircase leading to the rooms above. Two balconies overlook the room below, and two old wagon wheels which have electric lights placed all around the edges, are suspended from the ceiling at two ends of the living room. A huge stone fireplace with andirons and logs form a most picturesque center of interest.

A delicious dinner was served on a banquet table placed at one end of the large living room. A quaint blue and white checked linen cloth covered the table, and old-fashioned flowers were used as a table decoration.

After dinner the guests enjoyed a walk down to the private lake at the rear of the house.

"Know Atlanta" Is Camp Fire Girls' Aim.

"Know Atlanta" is the aim of the Camp Fire Girls, and every Friday they visit places of interest in the city. Today they will go to the city hall and the state capitol to spend quite a while in the museum, noting minerals that are found in Georgia. A call will be made to Governor Talma and to Mayor Key, in connection with one of the requirements for membership, which is to know the governor of your state, the mayor of your city, and the president of the United States. Any girl desiring to join the group is asked to meet on the front steps of the city hall at 10:20 o'clock, Friday morning.

A spend-the-day will be held for girls in East Point, College Park, Marietta and West End, at Oakland City, on Tuesday, August 10, meeting at the bathhouse at 10:30 o'clock. Swimming, songs and games will be enjoyed after a picnic lunch on the grounds. Miss Kathleen Taylor and Mrs. C. L. Cheek will act as chaperones. The spend-the-day at Avondale, for all other girls, will be held Wednesday, August 11, at 10:30 o'clock, and the council fire, to be held at the close of the summer program, will be planned and parts given out. Mrs. A. E. Wilson and Mrs. Byron Harris will act as chaperones.

An interesting project has been planned in handicraft for the Monday morning class, at 10:30 o'clock, when the needlework guild will be explained and garments started for the annual contribution which is made by Camp Fire Girls to the Atlanta organization of the Needlework Guild.

Hostess to Club.

Mrs. A. S. Briscoe was hostess to the Upper Deck Bridge Club Saturday at her home in Capitol View. Prizes were won by Miss Marie Price, Mrs. J. V. Jones and Miss Nan Kirby.

Members present were Misses Louise Power, Nan Kirby, Marie Price, Edie Williams, Madeline McLean, Mesdames David Moore, Andrew Polk, Jack Stephenson, J. V. Jones, Lester Lovgren and A. S. Briscoe.

Guests present were Mrs. Dan Blair and Mrs. Herbert Louns.

Mrs. Hutchings Feles Mu Phi Epsilon

Mrs. Jeff Hutchings will entertain the members of the Mu Phi Epsilon chapter of the Mu Phi Epsilon sorority with a bridge-luncheon Saturday, August 4, at 10:30 o'clock, at the home of Mrs. J. P. B. Allan, on East Brookhaven drive.

The tables will be placed in the beautiful rustic tea house, located in the lovely gardens in the valley of Hideaway. Mrs. Hutchings will be assisted at luncheon by Mrs. G. T. Shearer and Mrs. Allan. Later in the afternoon the hostess will tell of her visit to the national convention of the Mu Phi Epsilon Honor Musical sorority, held at the Hadden Hall hotel in Atlantic City, and which she attended as delegate from the Atlanta chapter, Mu Omega.

The invited guests include Mesdames Eugene Allenworth, national alumnae officer; Bonita Crowe, Ed Danforth, Paul Lewis, Fresh Nash, Tom Hutcheson, W. A. Stokes, Misses Elizabeth Allen, Claudia Hayes, Ina Jolly, Frances Snipes, Elizabeth Wright, Regina Duke, Lucille Scarborough, Willa Beckham, Eva Richardson and Clara Bell Adams.

Euzelian Class.

The Euzelian class of the Kirkwood Baptist church met at the home of Mrs. B. F. Bloodworth, on Hardee street, Monday evening.

The meeting was called to order by the president, Miss Frances Fortson, after which Miss Gladys Fortson read a passage of Scripture. Reports of July work were submitted by the officers and the president urged that class members be very diligent in their efforts to bring other young women into the class. Plans were made for August class activities.

Those present were Misses Virginia Hatt, Frances Fortson, Gladys Mayfield, Lydia Carter, Lessee Haynes, Gertrude Parker, Mrs. Robert Hull and Mrs. B. F. Bloodworth.

Tea for Mrs. Askew.

Mrs. Frank Sampson will honor Mrs. S. H. Askew with a tea this afternoon from 4 until 6 o'clock, at her home, 2480 Habersham road. The guests will include the members of the Young Women's Bible class of the Central Presbyterian church, of which Mrs. Sampson is the president and Mrs. Askew is the beloved teacher.

Sunbeam Band Meets.

Mrs. L. O. Laney entertained the Sunbeam Band of Moreland Avenue Baptist church with a picnic luncheon at her home, 924 Woodland avenue on Wednesday. During the afternoon, Mrs. Laney, who is councillor of the group, held a mission study. There were 35 children present.

German-American Club

The German-American Club will give a fish fry and an old-fashioned square dance at the club home, 80 Fourteenth street, on Saturday, August 4.

The public is invited to attend. A string band has been secured to supply the music. The tickets will be 50 cents each, including the supper, and may be bought at the door. Supper will be served from 7 until 8 o'clock. Dancing will begin at 9 o'clock.

Friendly Counsel By CAROLINE CHATFIELD.

Problems of general interest submitted by readers will be discussed in this column. Correspondence invited. Your name held in confidence. Write Miss Chatfield, care The Atlanta Constitution.

Dear Miss Chatfield—I am very greatly concerned about the problems of youth and their solution. Perhaps it may be timely for me to express my views on the delicate subject which is worthy of serious thought of adults as well as the younger people of this generation. Any number of theories have been and are still being advanced for the amelioration of the prevalent licentiousness. Orthodox religion and aristocratic society have made strenuous efforts toward ennobling life through religious and social training of the young. Thus far their methods have failed miserably. These methods will always be a failure unless supplemented by comprehensive and intensive study of God's handiwork—namely, science. I allude to the division of science that treats of the human mind and body, their construction, functions and duties. Aysmal ignorance of the most essential branch of science is not justifiable. This study should be made an integral part of juvenile training, in my opinion.

In olden times people could live in ignorance because they lived in accordance with nature's laws, now-days life is radically different. Our mode of life is highly sensualized. Youth has an insatiable desire for knowledge of life. If they don't get the knowledge in the right way they will get it in the wrong way. Youth cannot solve their problems unless they have a thorough knowledge of the realm in which their problems lie. Regardless of the high ideals advocated by religion and society, the current licentiousness will not wane until scientific facts are adduced to bolster these ideals. Youth should be taught at home first and later in church and school. The primary responsibility rests with the parents and apparently it is being sadly neglected everywhere.

So say the sociologists and psychologists and those experienced in dealing with youths; that only clear, clean understanding of the elemental truths of life will enable the young people to cope with the problems created by the new freedom among the sexes. But are you not wrong in assuming that the modern parents have not been converted to the idea? The social hygiene missionaries have done their work well, have spread their gospel wherever parent-teacher associations meet. A public school teacher is responsible for the statement that it is the exception rather than the rule to find a child who has not been instructed by his parents in the matter of sex. Some of the instruction may be of a rather pale color, for every parent approaches the problem with fear and trembling. Every thoughtful adult thinks twice before he or she writes indecipherable letters on the white page of a little child's mind. Therefore it is only natural that they should resort to allegory, analogy and poetic metaphors in acquainting their little ones with deep and mysterious facts of existence.

No enlightened individual any longer flouts the wisdom of such instruction but no observing one can claim that knowledge is power in this realm without the staying hand of character. The religious instruction may not be in itself sufficient safeguard against moral disaster, neither is scientific in-

Dorothy Brannon Celebrates Birthday.

Mrs. Lewis A. Brannon entertained at a children's party at her home on Rumson road in honor of the seventh birthday of her daughter, Dorothy, on Thursday afternoon.

Mrs. Brannon was assisted in entertaining by her mother, Mrs. E. E. Limbaugh, Mrs. A. J. Herley and Mrs. Delos White. A program of games in the garden was enjoyed by the young guests during the afternoon.

A two-tiered birthday cake, embellished in pink and blue and surmounted with a miniature doll, centered the dining room table. Each child's place was marked with a whistle and a shell water flower.

The children invited were Martha Miles, Louise Pierce, Barbara Elzel, Nancy McClary, Pat White, Charlotte Hoffman, Mary Level Moses, Jean Curtis, Janice Herley, Jane Ruslin, Catherine Lambert, Elizabeth and Dorothy Elzey, Lucille Wright, Anne Boone, Fay Sheffield, Caroline Hodges, Bertie Beers, Dorothy Jean Hope, Marjorie Bentin, Barbara Burke, Betty McIlwain, Angelina McDonald, Barbara Wright, Jessie May Pittman, Mary Hays, Helen Wray, and Frances Okey, Lucy Sandlin, Fanning Miles, Billy Brooks, Tommy Johnson, Bud Austin, Jack White, John Mitchell, Travis Brannon, Deane Brannon, Buck Doyle, Larry Joyal, Tommy Sellers, John Wray, Philip Broyles, Robert Indell and Lowry McBeth.

Neighborhood Circle.

The meeting of the Neighborhood Circle was held Wednesday, August 1, at the home of Mrs. E. G. Brooks on Atlanta avenue. S. E. A watermelon cutting was planned for Monday, August 13. Members present were Mesdames Helen Zink, J. L. Ivey, James Scfield, N. E. Pittman, Jr., E. G. Brooks, J. H. Kimberly, Jr., James Cerniglia, James A. Belflower, T. R. Perkerson, J. D. Brown, M. H. Hammett, M. C. Perkerson, W. H. Batsworth, Henry Slason, M. O. Wages and Miss Josephine Moyer.

struction sufficient without the moral and religious instruction.

Science has taught the youths of today the dangers of a licentious life and youth's answer flung back has been "We know how to take care of ourselves. We have devised ways and means." However, youth has never found a satisfactory answer to the "Don't" of the moral law, and youth has always responded to the moral perfection and the lofty idealism of the head of the church who stressed the life of the spirit and said it was of far more importance than the life of the body.

When more thinking adults become concerned with the problems of youth and their solution, to the extent that they set youth a good example, letting their teaching be only partially by precept; when more thinking adults realize that each generation reaps what the former one has sown and sows a good crop for the succeeding generation; and until youth will be licentiousness on its own wane.

PATTERN 1936.
This little lassie may look very demure but she manages to be wearing one of the most appealing little frocks upon which one has ever laid eyes. Doesn't she? Let your glance linger for a moment upon those three little bows under her chin. Then travel on to the little capelet—how business! Now give your attention to the front panel and flounce, and then come back to her slim little waistline. See how the sash comes from underneath the panel and ties in a coquettish little bow in the back. Adorable in dainty, swish, voile or lawn—dotted or flowered.

Pattern 1936 is available in sizes 6, 8, 10, 12, 14 and 16. Size 10 takes 2 1/2 yards 56-inch fabric. Illustrated step-by-step sewing instructions included.

Send 15 cents for this Lillian Mae pattern. Write plainly name, address and style number. Be sure to state size.

And while you are writing why not include an order for a fascinating book, crammed from cover to cover with stunning illustrations and captivating descriptions of new fashions, fabrics and other things that make a woman chic. The summer issue of the Lillian Mae pattern book. Price 15 cents.

Nancy was prepared for just such an answer for she brought out a tray with tall glasses filled with iced cream, some sugar, a pot of steaming hot coffee, long handled spoons and a plate of fresh baked gingerbread still warm and spicy from the oven.

She poured the hot coffee into the glasses. The ice splashed under the hot attack and melted down to half its size. Then the golden cream went in changing the coffee to a creamy cafe au lait color.

Things That Make Women More Beautiful

Bath Dainties of Delicate Scent and a Fresh Strawberry Lotion

By MIGNON.

1. Requests for bath powder, talcum and toilet water that are of the same scent are numerous. I have good news for those who have been searching for a fine powder in an attractive container and something that can be used by women of quiet taste. I've found it, and I come boldly to the front to tell you that it is one of the finest I have found and one of the daintiest in fragrance. Though very quiet, the bouquet lasts from one to another. There is with all this a bottle of bath salts of the same delicate perfume. They are powdered and it is easy to gauge just how much to use. A tablespoonful is enough, and when you climb into the water it's like being sprinkled with dew from a flower garden. I'm not being extravagant, it is true. There's a perfume like it if you're interested.

Strawberry Lotion.
2. Of all the lotions for use after cold creaming the face one of the most interesting is made of strawberry cream and manufactured at the top of the strawberry season. It is dark red in color and has a fruity flavor that is refreshing. You imagine you would feel pretty much as if you were putting fresh strawberry juice on your face, which I shouldn't like to do. But it's wholly different, and I do like it because it does not irritate the skin to the level of a fine lotion with its own natural perfume. There is a grand fragrance to really ripe strawberries and this is the same scent. I can't tell you what the lotion will do for you, but I say that of ten women who used it every one of them said it was "simply scrumptious" (or words to that effect).

There are a number of strawberry creams on the market, but this lotion and one of the creams are all I have as yet investigated.

Don't you sometimes wonder who gets all these strange cosmetics notions and how they first started? And to think of the experience it takes to find out just what, scientifically, these things will do to further lilylike complexions! It is a great deal easier to be at the end of the struggle and only have to tell what has been accomplished after long trials.

If you like novelties that are highly entertaining and thoroughly good try a bottle of this strawberry lotion. Take cotton and turn the bottle up, and when you get the cotton really wet pat it on the skin—this after you have removed the cold cream before applying it.

If you want to know where you can purchase any article mentioned in this column, phone Mignon, Walnut 6565, at The Constitution. Please do not write unless you live outside the city, in which case enclose a stamped, self-addressed envelope.

NANCY PAGE Nancy Gives a Cream and Brown Tea By FLORENCE La GANKE.

The bridge club was meeting on Nancy's porch. The afternoon had been too hot for anything but chatter. There had been no effort to get out the bridge tables. Marcia had a small collar she was finishing with a hand rolled edge. Lucy was finishing a crocheted jabot. And Dorothy had a small piece of needlepoint. Nancy brought out her raffia embroidery and worked slowly with the rest of them.

Their fingers did not begin to go as fast as their tongues. "You know, Nancy, I think summer is the nicest time. You can be lazy and not feel ashamed of yourself. Just to sit here and look out at your garden and enjoy the summer flowers while I take a stitch or two to make myself pretend I am busy—well, it's my idea of a heavenly afternoon."

"It's mine, too, Lucy, except that sometimes it tells me I am hungry. And I don't believe there is going to be food in heaven. Shall we eat and stay on earth or go hungry and pretend we are in heaven?"

"Nancy Page, you are the biggest tempter. I swore I would not eat between meals, but when I think about your food, well, I'll stay on earth and eat."

Nancy was prepared for just such an answer for she brought out a tray with tall glasses filled with iced cream, some sugar, a pot of steaming hot coffee, long handled spoons and a plate of fresh baked gingerbread still warm and spicy from the oven.

She poured the hot coffee into the glasses. The ice splashed under the hot attack and melted down to half its size. Then the golden cream went in changing the coffee to a creamy cafe au lait color.

Society Assembles At Brookhaven Club

Attractive visitors proved the impetus for a number of small parties given on Thursday evening at the Brookhaven Club when club members and visitors assembled for the dinner-dance. Gay-colored lights encircled the terrace, where dinner was served, and pastel-shaded garden flowers were employed in the effective decorations.

Mrs. Howard Hilliard, of Gainesville, who is visiting Mr. and Mrs. James Rankin at their home on Pharr road, was central figure at the dinner party given by Dr. Kenneth Bell. The guests included Mrs. Hilliard, Mr. and Mrs. Rankin, Dr. and Mrs. Elbert Van Buren and Mr. and Mrs. Perry Mullinax.

Plowden-Williams Wedding Announced.

A marriage of interest to friends throughout the state is that of Miss Louise Plowden and William Claude Williams, of Atlanta, formerly of Moultrie, which was quietly solemnized in Columbus, Saturday, July 21, in the presence of a few friends and relatives.

The bride is the youngest daughter of Mrs. Lila Moultrie Plowden, and the late John William Plowden. For the past year she has made her home in Columbus with her brother and sister, Mr. and Mrs. William C. Plowden.

Mr. Williams is the son of Mr. and Mrs. Homer J. Williams, of Moultrie. He is connected with the Cuddeback Packing Company, of Atlanta.

After the first of September Mr. Williams and his bride will make their home in Atlanta, where they will be popular additions to the young married set.

TOPSY-TURVY DOLL.

Now you see it—now you don't! That's the way with this Topsy Turvy doll that's a mammy doll one minute and a dainty child the next! What popularity it enjoys among the youngsters and the adults who permit them to play with their toy with every mood. Each doll can be dressed very differently to make the contrast more marked. But, what interests the needlewoman most, is the fact that it is such an easy doll to make—it's just two bodies put together! Make it for that bazar and watch how quickly it will be sold!

In pattern 5087 you will find a transfer pattern of the two heads, a pattern of the body and clothes, and detailed instructions and yardages for making them.

To obtain this pattern send 10 cents in stamps or coin (coin preferred) to Household Arts Department, The Constitution, Atlanta, Ga.

Culbertson on Contract By ELY CULBERTSON. World's Champion Player and Greatest Card Analyst.

Far-Sightedness.
A very good bridge player once said to me, "All I ask during the play of a hand is that every time I play an ace I trap an opposing king." In the long run I have no doubt but that this would mean that the player in question would get the maximum out of his cards. However, a defensive player should not blindly play an ace every time a king is offered him. His proper procedure, starting at the very beginning of a hand, is to remember the final declaration and then look ahead and survey the probable play of the hand as a whole with a view to finding some method of taking the number of tricks necessary to defeat the contract.

Bride-Elect Honored.

Among the many social affairs given in honor of Miss Elaine Faith Heckle, whose marriage to Julian H. Carmichael takes place Saturday morning, August 4, at 10 o'clock, was the recent shower given by Miss Mary Carmichael, sister of the bridegroom, at her home on Edwin place. The home was attractively decorated with quantities of bright summer flowers featuring a pink and white color scheme in the dining room. The large table was centered by the mound of pink and white flowers from which ribbon streamers attached to dainty favors were drawn by the guests. A large white wedding bell was suspended above the table to which ribbon streamers were attached. BATTERY MEN HOLD SUCCESSFUL MEETING

With attendance far exceeding expectations, the automotive service men's and battery dealers' meeting held Thursday night at the Exide factory branch at 210 Walker street, S. W., turned out to be the most successful gathering of its kind held for a long time.

In commenting upon the meeting, M. C. Pope Jr. said: "While we were very fortunate in having a representative gathering of the leading automotive service men and battery dealers at our meeting, I am sorry that the motoring public could not attend."

"So vivid and clear was the picture of complete battery service presented, and so logical were the conclusions drawn that I am sure every motorist in the city would have profited by attending."

However, local car owners are in for a new brand of battery service. The men attending the meeting went away so full of enthusiasm and so completely sold upon the better service they can now expect, that from now on when you drive your car into your favorite service station you're going to be surprised at the thoroughness and completeness of their battery service.

"To my mind, the good that this meeting has accomplished will be reflected in better battery performance for every car in the city."

"As one of the leading battery men in town said to me after the meeting, 'I really never knew there were so many causes contributing to starting failure. And tonight surely opened my eyes to the fact that we can improve our battery service to car owners. Battery service from now on they'll get complete battery service as outlined in your Exide sure start service plan.'"

STATE INCOME GAINS

\$1,500,000 OVER 1933

The state of Georgia collected a total of \$14,684,809, an increase of \$1,500,000 over the same period last year, during the first seven months of 1934, State Auditor Tom Wisdom said Thursday in a report filed with Governor Talmadge.

The greatest increase in income was from the gasoline and fuel oil levy which showed a gain of \$1,100,000 during the seven months period, Mr. Wisdom reported. The general property tax made the second largest gain, the auditor reporting that collections thus far this year are more than \$250,000 over the seven months total for 1933.

Better Than Powder For the Complexion

Nearly all beauty experts agree that face powder does more harm than good, which explains why smart women are turning to Dr. Blair's Cream of Cucumbers, which not only takes the place of powder, giving the face a beautiful tone and finish, but also is greatly beneficial in preventing that ugly reddening, roughening, and chapping of the skin in all kinds of weather. One application of Dr. Blair's Cream of Cucumbers protects and beautifies the skin all day, making it smooth, clear, soft and healthy. This cream contains no mercury and is harmless, but is guaranteed to contain indispensable essence of cucumber.

Dr. Blair's Cream of Cucumbers will not grow hair, but in time will prevent blackheads and remove facial wrinkles. 50c at all cosmetic counters, in white, flesh or brunette, or sent direct upon receipt of price. Cucumbers Cream Co., Dept. 6, Lynchburg, Virginia.—(adv.)

Judge Annabel Matthews Arrives For Visit at Tate Mountain Estates

TATE MOUNTAIN ESTATES, August 2.—Judge Annabel Matthews, of Washington, D. C., distinguished member of the United States board of tax appeals, arrived here Wednesday to spend some time at Connaught lodge. Judge Matthews is a charming and interesting addition to the social life at the lodge and Tate Mountain Estates and her presence here will be augmented by a series of informal social affairs, the first of which will be the buffet luncheon at which Mrs. Robert H. Martin will be hostess Friday at her home, Craycroft cottage.

Army Personnel Honored at Dinner By Reserve Units

FORT McPHERSON, Ga., Aug. 2. Silken flags, gay streamers of red, white and blue, and green pine boughs formed the effective decorations when the reserve units on duty at the garrison entertained the regular army group at a dinner and dance on Thursday evening at the post. Dinner was served in the mess hall in the reserve camp and the long tables were centered with a row of miniature tents, each guarded by a toy soldier in uniform. Nut cups and place cards reflected the color motif of red, white and blue.

Major Joseph Cooke was toastmaster and his witty introductions of the speakers caused much merriment. Ranking officers of the regular army and reserve units were present with their guests, covers being placed for 230 representatives of the social contingent.

Following the dinner the guests and the hosts assembled at the Fort McPhereson Officers' Club where dancing was enjoyed. There was no formal receiving line but the guests were greeted by Colonel Franklin P. Chalmers, commanding officer of the 52nd regiment of infantry, and Mrs. Chalmers, Lieutenant Colonel Fonville McWhorter and Mrs. McWhorter, Major J. R. Cooke and Mrs. Cooke, Major N. H. Hunter and other ranking members of the reserve unit.

American Boy in Person Can Be Found in Baseball Meet at Macon

LUTHER WILLIAMS FIELD, MACON, Ga., Aug. 2.—It is absolutely without foundation. I am referring to the rumor that the American boy has disappeared, leaving a race which is hump-backed from getting into sport model automobiles, which gets its exercise from the Saturday night dances at the club, and which knows how to balance a tea cup and a salad plate and say pretty things to some beautiful but dumb young thing from dancing school.

That rumor is utterly unfounded. And how do I know? Well, I happen to be sitting right slap in the middle of the Georgia convention of American boys, and it's well attended by nothing but American boys. The Georgia state's sandlot baseball tournament is in progress here with 16 teams entered. And what a pity it is you are not sitting here to see them. They have freckles. Their new shoes hurt their feet so that many of them slip them off in the stands while waiting to play. Their feet, used to going unshod, are rough and stubbed of toe.

A few of them are chewing steadily on tobacco, but I will wager they could not name you the name of a single cocktail or mixed drink as their urban cousins can. And as between cocktails or chewing tobacco for the growing boy, I will take chewing tobacco every time.

But that is neither here nor there. What I mean is the American boy is here. He is, taken compositely, red of neck, big of feet, awkward of posture and timid and naive. But put him out there on the baseball field and he becomes as graceful as a ballroom dancer, and the red wrists that stick out of coat sleeves are cunning and skilled on the field.

England, said the British statesman, will be England as long as the cricket fields are filled. And America will be America as long as the baseball fields are filled with boys like these.

YOU'D HAVE CHEERED THIS.

Had you been here this morning when Moultrie's clever little team defeated Madison county by a 19-to-2 score you would have seen something which would have given you a tremendous belt.

There was a little shortstop playing for Moultrie named McLendon. He had on a pair of baseball shoes. It developed later they were new. He looked uneasy. There was a faraway look in his eyes. He walked as if he were treading on eggs. He was playing well, understood, but there was something amiss. He came to bat and that feeling was still there. The stands were conscious of it.

He was an out that first time up. And time came to go back in the field.

He was disgusted. And he reached a sudden decision. He didn't care if he was playing before the public in one of Georgia's principal cities. He was going to be himself.

So he reached down and took off those shoes.

Ah, there. That was it. He had established contact. Once more he was back on familiar ground. He knew where he was. His toes could grip old Mother Earth and dig in.

And so, what? Nothing, except that he played like an inspired boy in the field. And the next time at bat he took a toe hold. You've heard of taking a toe hold at the plate. This boy really took one.

He got a double that time. The next time up he got a triple.

From where I sit I can see bare and dirty feet stuck up on iron rails in the stands as the teams wait their turn to play.

There are all sorts of uniforms. Good ones, bad ones, ones borrowed from big brother, the pants of which reach to the ankles.

As I said, this is the convention of the American boy in Georgia. His representatives are all here. The American boy isn't extinct at all.

RUS AND URBS.

There was very little of the rivalry between the cities and the rural sections. There was much team rival but very little sectional feeling.

It flared up just once. A team from a fair-sized city

Barfoot Released; Rookie Is Signed. Manager Spencer Abbott Thursday announced the unconditional release of Clyde Barfoot, veteran pitcher, and that Bill Cobb, a rookie right-hander recommended by Tommy McMillan, had been signed in his stead.

"We're still trying to get pitchers, but can't get them from AA or big league clubs at this time of the year," Abbott stated. Jim Lindsey will open against New Orleans tomorrow. They will be a double header Monday.

Senor Al Wins Game

A home run by Al Lopez in the ninth after the Phillies had rallied in the same inning to tie the score gave the Dodgers an 8-to-7 victory over the Phillies Thursday and returned them to sixth place in the standing. Lopez is a former Atlanta Cracker and was one of the most popular players of his period. He gained his first professional experience at Tampa, Fla., later joining the Jacksonville (Fla.) club, from where he graduated into higher baseball. He is rated as one of the best catchers in the National league and was selected for all-star duty in the intra-league game this year.

Strib's 'Buddy' Weds Nurse Who Aided Him

Marriage of Roy Barrow and Miss Frances Jones, Friends of Late Fighter, Announced.

By Jimmy Jones.

A romance that grew out of tragedy has culminated in the marriage of Roy (Wheel) Barrow, of Macon, one of the closest friends of the late W. L. (Young) Stribling, Georgia's noted heavyweight boxer, and Miss Frances Jones, of that city, the nurse who administered first aid to the fighter as he lay by the roadside following the motorcycle accident which cost him his life last October.

Tragedy, it is said, brings those that are deeply touched by it closer together. And this was the case in the wedding of the popular Macon couple, which took place last Saturday.

As if decreed by fate itself, these two were the first to reach the side of Stribling, as he lay bleeding and mangled, following the collision between the motorcycle he was riding and an automobile on the Macon-Atlanta highway on a Sunday, October 1. They happened to be riding along the road at the time and were witnesses to the crash.

Miss Jones, an experienced trained nurse, hastily ripped off a portion of her skirt and fashioned a tourniquet

which temporarily stanchied the flow of blood and undoubtedly prolonged Stribling's life.

LIFELONG PAL. Barrow, lifelong pal and confidante of the boxer, helped place his stricken comrade in a passing milk wagon and rode with him to the Macon hospital.

Stribling died two days later, mourned by the thousands who knew him as a genuine sportsman of the ring, and none were more grief-stricken than his friend, Barrow, and the young nurse who made a vain effort to save his life.

Almost a year has passed since and now comes the news of the wedding of Barrow and Miss Jones.

Those who know the two personally will rejoice at the news. Barrow, a very popular Macon sportsman, has countless friends throughout the state, as has Mrs. Barrow.

"Wheel," as his friends know him, is famous for his generosity to motorists, tourists and wayfarers who visit his business place in Macon, seeking aid and information. He knew Stribling as a boy and none followed his career more ardently or with as much sincere enthusiasm.

HONEYMOONING. Barrow and his bride are now honeymooning at the World's Fair in Chicago and a letter from them disclosed the news of their wedding. They also reported that they went to see Max Baer, who was just coming in the ranks when Stribling was at his peak, on the tag in Chicago.

"Max is great in his act, too," Barrow wrote.

Fate plays many hands in the fight game, one of the hardest and most hazardous. But the cruel one which befell Stribling, idol of the south, has been tempered by the gentle hand of Cupid.

Which was exactly as Stribling, wild his own gentle nature and loyalty to his friends, would have wanted it to be.

Lou Gehrig Blasts His 33d Home Run

NEW YORK, Aug. 2.—(AP)—Lou Gehrig, runner up for major league home run honors, clouted his 33rd circuit blow of the season in the seventh inning of today's game between the Yankees and the Red Sox. The blow, which left Gehrig only one behind the leader, Jimmie Fox, was followed by homers by Bill Dickey and Tony Lameri. Johnny Welch was the victor of the outburst.

YANKEES STAGE HITTING SPREE; DETROIT WINS

Lou Gehrig Hits 33d Home Run; Tigers Beat Mel Harder.

NEW YORK, Aug. 2.—(AP)—The Yankees spent a joyous afternoon improving their batting averages at the expense of Boston pitching today, but although they slammed out 15 hits and 12-to-4 victory over the Red Sox, they failed to regain the American League lead. The Detroit Tigers shut out Cleveland and remained on top by one game.

Every Yankee but Babe Ruth, who failed twice, times, and Sam Byrnes, who didn't go to bat, hit safely at least once. The big swat, however, was Lou Gehrig's 33d home run.

Which left Lou only one behind Jimmie Fox in the race for the major league leadership, set the fashion for the seventh inning swatfest, which netted the Yanks five runs and put the game on ice.

Gehrig's homer opened the seventh when Johnny Welch took the hill after Henry Hughes had been knocked out by three-run homer in the sixth, which put the Yanks ahead. Bill Dickey duplicated the blow, and after Ben Chapman doubled, Tony Lameri made a third circuit swat and blasted the Sox right out on the picture.

Charley (Red) Ruffing did the elbowing for the Yanks, limiting Boston to five hits and two earned runs for his twelfth victory of the season. After spotting the Yanks two runs in the first, when Gehrig made the first of his four hits, Boston took the lead when a pass to Lynn Lary and Bill Werber's triple netted a run in the third, and a couple of timely hits, a walk and an error by Jack Saltzgaver, brought three more in the fifth.

The Yanks tied it up in the fifth when Ruffing singled, Frank Crosetti doubled, Saltzgaver sacrificed, and Ruth rolled out to give Crosetti a chance to score. They went ahead in the next inning as successive hits by Chapman, Lameri and Myril Hoag scored a run, and sent Johnson to the showers. Ruffing nicked Rube Walberg for a single and another run and a third rallied after Saltzgaver's fly.

YANKEES 15; RED SOX 4. BOSTON, Aug. 2.—(AP)—The Yankees defeated the Red Sox, 15 to 4. The game was "put on ice" in the first inning when Gehrig made the first of his four hits, Boston took the lead when a pass to Lynn Lary and Bill Werber's triple netted a run in the third, and a couple of timely hits, a walk and an error by Jack Saltzgaver, brought three more in the fifth.

McKEE DRIVES WINNING RUN IN SIXTH ROUND

Prince Henry Oana Only Player To Get Two Hits.

By Jimmy Jones. Berkeley Bill Schmidt, big right-hander of the Cracker staff, came within a gnat's eye of pitching a perfect ball game against the Knoxville Smokies yesterday as he shut that team out, 1 to 0, to give Atlanta an even break in the four-game series at Ponce de Leon.

The brawny rookie, in a great battle with Del Wetherell, of the Smokies—also a right-hander—let Knoxville have just two scratch hits during the game, which was played in the swift time of one hour and 17 minutes. Not a ball was hit out of the infield and only two Knoxville players reached first base off him.

TWO HITS. The two hits, shady though they were, came in the sixth round. Called anything else, as much as all concerned would have liked to have seen Young Schmidt ascend the pinnacle of no-hit glory.

The first came in the third inning when West, a left-hand batter, sent a deep grounder back of first base which Eddie Moore got his glove on, but being off balance could not get the runner at first. Had he done so, it would have been a fine play, but Eddie was fairly fortunate to get his hands on it. It was an infield hit and that was all there was to it.

Even this might have been deemed an error through the charity of the official scorer, had not Ernie Hest bunt in the eighth fallen safely on the infield when Schmidt and Harry Taylor pulled the Alphonso-Gaston under the ball and let it fall between them.

Taylor was under the ball—an easy pop fly—but Schmidt, in his eagerness to help, charged over, and Taylor, fencing a collision, hesitated, the ball falling cleanly in between them and Horne, a good runner, beat it out cleanly to first.

Had either Schmidt or Taylor handled the ball, it could very well have been designated an error, but neither touched it. It was a mental misadventure.

Harry Taylor, showing himself the good sport that he is, offered to accept an error on the play. The game, but in all fairness to Harry, the scorers refused to charge him with it.

Leo Diegel Shoots 65 To Take Early Lead in Canadian Open

ARMOUR SECOND WITH CARD OF 69 IN FAST FIELD

Americans Dominate Field in Annual Tournament at Toronto.

LAKEVIEW CLUB, TORONTO, Ont., Aug. 2.—(AP)—Leo Diegel, the high-strung Philadelphian, who has won the title four times since 1924, filed another lead against the Canadian open golf championship today when he covered the short par 70 layout in 65 strokes for a four-stroke lead in the first round of the 27th annual Dominion free-for-all.

Diegel, long a favorite with Canadian links' galleries, shot the outgoing nine in 34, one under par, and then blazed the back nine in 31, becoming the first player to break Lakeview's par in competition.

His record-smashing round included seven birdies—two on the first nine and five along the inward route. He slipped over regulation figures twice, both times on the finishing holes of each nine. He would have had a 64 if his putt on the home green had not hung stubbornly on the lip of the cup.

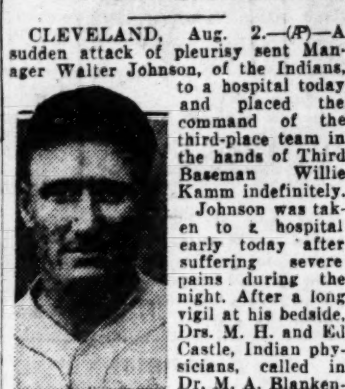

U. S. LEADS. With contenders from across the border dominating the tournament, as has been the custom since 1919, Tommy Armour, the black Scot of Chicago, was in second place four shots back of the pace-setter, Armour, who won the Canadian title in 1927 and 1930, played steadily for a one under par 68, going out in 34 and coming home in 35.

In back of Diegel and Armour, a brigade of sharpshooters clustered just above 70. Denny Shute, former British open champion from Philadelphia, held third place with 35-36—71, and seven men tied for fourth with 72's. They were Wild Bill Melhorn, of Louisville; Jimmy Hines and Herman Baron, both of New York, and the first four Canadian professionals to post their heads through—Dave Ferguson and Bob Cunningham, of Toronto; Jules Huot, of Quebec, and Wally Smithers, of Ottawa.

The group at 73 included the best amateur for the day, Al Grimsditch, of Toronto, and the American pros, Fay Coleman, of Culter City, Cal.; Lighthorse Harry Cooper, of Chicago; Willie MacFarlane, of Tuckahoe, N. Y.; and Joe Belfore, of Detroit. C. Ross Sandy, Sonerville, only Canadian amateur yet to win the United States title, had to be content with a 36-39—75.

SHORT LAYOUT. Despite the shortness of the layout, many of the big gun pros from the United States shot amazingly high scores. Gene Sarazen, of New York, former British and American open

Walt Johnson Is Stricken Ill At Cleveland

CLEVELAND, Aug. 2.—(AP)—A sudden attack of pleurisy sent Manager Walter Johnson, of the Indians, to a hospital today and placed the command of the third-place team in the hands of Third Baseman Willie Kamm indefinitely.

Johnson was taken to a hospital early today after suffering severe pains during the night. After a long vigil at his bedside, Dr. M. H. and Ed Castle, Indian physicians, called in Dr. M. A. Blanken, a specialist, for a diagnosis.

Johnson will remain in the hospital at least two weeks, and if complications appear—pneumonia is feared—he will be longer away from the club.

Kamm's appointment as temporary manager was made after a consultation among Johnson, General Manager Billy Evans, of the club, and Alva Bradley, president of the Cleveland Baseball Company.

A veteran of nearly a dozen summers, Kamm is popular with his mates. In good stead will come his experience as captain of the White Sox for several seasons, and the active managerial experience he got occasionally in Chicago.

Buford Nine Beats Lanett Club, 9 to 3

LANETT, Ala., Aug. 2.—Buford's Shoemakers defeated Lanett, 9 to 3, here this afternoon. The pitching of Bob Hasty, who kept seven hits well scattered was a feature.

Captain Eddie Baxter, with four for four, led the hitting for the visitors, while the fielding of McSwain was outstanding for Buford.

Buford's lineup: 1. H. Hasty; 2. Kimbrell; 3. Murrell; 4. McHenry; 5. Hasty; 6. Kimbrell; 7. Murrell; 8. McHenry; 9. Hasty.

GRANT BEATS MAKO; PARKER, PRUSOFF WIN

Atlantan Wins Over Californian, 6-2, 4-6, 6-3, 6-3, To Enter Semi-Finals.

SOUTHAMPTON, N. Y., Aug. 2.—(AP)—Berkeley Bell, winner of the Seabright singles bowl, continued his splendid play today as he led the way of the steps into the semi-final round of the 44th annual Meadow Brook Invitation tennis tournament.

Bell, former Texan, now living in New York, eliminated Jack Tidball, of Hollywood, eastern intercollegiate champion, 6-1, 6-1, 6-2, as young Frankie Parker, 18-year-old Lawrenceville student, finally beat his jinx of the season, Wilmer Hines, of Columbia, S. C., 6-0, 6-0, 6-2, and joined Bell in one-half of the semi-finals.

GRANT WINS. In the other half, Bryan (Bitsy) Grant, the tiny dynamo from Atlanta, defeated Gene Mako, Los Angeles youngster, 6-2, 4-6, 6-3, 6-3.

Prusoff, 22-year-old better from Seattle, wallowed J. Gilbert Hall, of South Orange, 6-1, 6-3, 6-4, to make up the second semi-final.

Grant had the hardest road to the semi-finals and Parker the easiest. The little southerner outlasted the 18-year-old Mako, this year's national intercollegiate champion, in the long rallies where the Californian tried to outsmart him, as well as at the hard-hitting game Mako resorted to when guile failed. Parker, revenging defeats by Hines in the Crescent-Hamilton and Seabright tournaments, showed his rival no mercy, sweeping through 12 straight games before letting up slightly in the last set.

Hines' slow ball defense, winning strategy against Parker in their earlier meetings, was of no use today as Hines tried too hard and erred frequently. Parker went to the finals of this tournament last year and was beaten there by Frank Shields.

SUPERB TENNIS. Bell played superb tennis to beat Tidball, outspeeding and outthrusting him all the way. The only games Tidball won went to him on service. Prusoff chased Hall all over the premises with his deep drives to the backhand and his services had the Jerseyman baffled.

Only one upset marked the doubles quarter-finals as Robert Bryan, of Chattanooga, and John McDiarmid, of Fort Worth, outlasted the Seabright runners-up, Bell and Gregory S. Mangin, of Newark, N. J., 6-3, 7-5, 2-6, 14-12. The seeded teams of Parker and Grant, Prusoff and Hines, and Mako and Don Budget, of Oakland, Cal., reached the semi-finals.

Evangelina McLennan, of Decatur, advanced by defeating Edith Poole, of Albany, 8-6, 8-3, while Mrs. Frank Corne, of Atlanta, defending champion, stayed in the running by defeating Dorothy Turner, of Macon, 6-2, 6-1.

Men's doubles results today follow: Frick and Luce defeated Williamson and Bobbitt, 6-3, 2-6, 6-3.

Marcum and Marcum defeated Bright and Landau, 9-7, 6-10, 6-3.

Howard and Tumin defeated Wyatt and Harbin, 6-4, 6-2.

Hedekin and Drake defeated Laird and Reese, 6-4, 6-0.

GRANT PARK ACES BEAT DALLAS, 11-2

Continued from Second Sports Page.

away the honors of the day. The Griffin boys defeated Rochelle 17 to 1 and didn't seem to be rushed a great bit thereby. They looked so good, indeed, that there was an almost unanimous desire to know if they were all under the age limit of 16 years.

INVESTIGATION. This led to a formal protest and Dr. R. C. Eves, acting as athletic officer for the Atlanta Legion, sent word down to the Right Honorable Quimby Melton, at Griffin, to go around and peer into all the family Bibles and see when junior arrived.

I know nothing of the Griffin ages. Their opponents claimed they looked old. But maybe one ages quicker in Griffin. I do know they could play baseball.

The Griffin infield is the best sandlot infield the annual series has ever seen. They were the unit feature. As individuals one might single out Pitcher Ward McIntosh.

He gave up just five hits and struck out 15 men. Meanwhile his team was getting 17 hits to match their runs.

Shortstop Roy Murphy and Catcher Elmo Pritchett were also unusually clever performers for the Griffin nine. It was, and is, protest or not, quite a baseball team.

Moultrie won a 19-to-2 victory over Madison. Madison, like Rochelle, brought along a lot of fine, earnest youngsters who tried their best but were simply outclassed. There was nothing to their discredit in losing.

HITTING PITCHER. Madison's players were unusually small. The feature of Moultrie's victory was the hitting of Pitcher Eugene Shiver. He got four hits and scored four runs.

One of the unusual aspects of the sandlot play is the hitting of pitchers. They are the sluggers of the team and not the helpless automatons one sees in professional baseball.

Some of them even bat in the clean-up positions. The pitcher on the sandlot team is a real hero. He goes out and gets his own runs.

Gainesville met some real opposition from Linde. Ed Surratt, manager of the Gainesville team, showed himself to be the Bill Terry of the sandlotters. It is William Terry of the Giants who is supposed to be a genius at using pinch hitters. And today he stuck in two to win his ball game.

The score was 4 to 1 for Gainesville but for the second time in the seventh it was 1 and 1. In that inning Surratt put in Pinch Hitters Jones and Williams. They delivered. The former with a double and the latter with a single to score the first pinch hitter.

The next batter scored him and within a moment the rally started by two pinch blows had three runs in and the game was won.

The Gainesville infield performed brilliantly and in the real strength of the north Georgia line.

ATLANTA STARS IN BOAT RACES

CHARLESTON, S. C., Aug. 2.—The second free-for-all and the Class and Class C races, scheduled for Saturday and Sunday, will feature the first summer regatta sponsored by the Charleston Chamber of Commerce, the Kiwanis Club, A. and the Kiwanis Club.

The regatta opened Wednesday and will be concluded Sunday with the races at the Isle of Palms.

Atlanta has a strong team entered. The team includes Carl Flocks, national "C" champion, won last year at the World's Fair at Chicago; Louis Trotter, southeastern "C" champion; Tom Eldridge and Sam Mason. Mason is an amateur.

McCLAIN HEADS RIVERSIDE CARD

Three main matches are on the program tonight at the Riverside arena. These matches will show six of the best heavyweight wrestlers in the country. Hugh Winn, light-heavyweight champion of the south, will meet Chippewa Charlie McClain, the wild Indian wrestler from the North Dakota Indian reservation. This will be a 60-minute match, winner take all, and the Indian promises to floor the champion before this time is up.

Eddie Eliza will meet Sargent Harry Nixon, New York, who has just returned from Florida with a string of victories to his credit. In another match Freddie Lassiter, Ohio State champion, will meet Eddie Stecker.

All of these matches will be over the period of 60 minutes. There will be no opening preliminary on this card. These matches will be handled by a competent referee. Riverside arena is located on Hollywood road.

Men's doubles results today follow: Frick and Luce defeated Williamson and Bobbitt, 6-3, 2-6, 6-3.

Marcum and Marcum defeated Bright and Landau, 9-7, 6-10, 6-3.

Howard and Tumin defeated Wyatt and Harbin, 6-4, 6-2.

Hedekin and Drake defeated Laird and Reese, 6-4, 6-0.

GRANT PARK ACES BEAT DALLAS, 11-2

away the honors of the day. The Griffin boys defeated Rochelle 17 to 1 and didn't seem to be rushed a great bit thereby. They looked so good, indeed, that there was an almost unanimous desire to know if they were all under the age limit of 16 years.

INVESTIGATION. This led to a formal protest and Dr. R. C. Eves, acting as athletic officer for the Atlanta Legion, sent word down to the Right Honorable Quimby Melton, at Griffin, to go around and peer into all the family Bibles and see when junior arrived.

I know nothing of the Griffin ages. Their opponents claimed they looked old. But maybe one ages quicker in Griffin. I do know they could play baseball.

The Griffin infield is the best sandlot infield the annual series has ever seen. They were the unit feature. As individuals one might single out Pitcher Ward McIntosh.

He gave up just five hits and struck out 15 men. Meanwhile his team was getting 17 hits to match their runs.

Shortstop Roy Murphy and Catcher Elmo Pritchett were also unusually clever performers for the Griffin nine. It was, and is, protest or not, quite a baseball team.

Moultrie won a 19-to-2 victory over Madison. Madison, like Rochelle, brought along a lot of fine, earnest youngsters who tried their best but were simply outclassed. There was nothing to their discredit in losing.

HITTING PITCHER. Madison's players were unusually small. The feature of Moultrie's victory was the hitting of Pitcher Eugene Shiver. He got four hits and scored four runs.

One of the unusual aspects of the sandlot play is the hitting of pitchers. They are the sluggers of the team and not the helpless automatons one sees in professional baseball.

Some of them even bat in the clean-up positions. The pitcher on the sandlot team is a real hero. He goes out and gets his own runs.

Gainesville met some real opposition from Linde. Ed Surratt, manager of the Gainesville team, showed himself to be the Bill Terry of the sandlotters. It is William Terry of the Giants who is supposed to be a genius at using pinch hitters. And today he stuck in two to win his ball game.

The score was 4 to 1 for Gainesville but for the second time in the seventh it was 1 and 1. In that inning Surratt put in Pinch Hitters Jones and Williams. They delivered. The former with a double and the latter with a single to score the first pinch hitter.

The next batter scored him and within a moment the rally started by two pinch blows had three runs in and the game was won.

The Gainesville infield performed brilliantly and in the real strength of the north Georgia line.

Gayer Upsets Miley In Asheville Meet

ASHEVILLE, N. C., Aug. 2.—(AP)—Marion Gayer, of Charleston, S. C.,

staged the first upset of the Biltmore Forest women's invitation golf tournament today by whipping Marion Miley, of Lexington, Ky., in a 19-hole quarter-final battle.

The round also saw the elimination of the medalist and defending champion, Kathryn Hemphill, of Columbia, S. C., who bowed to Jane Cothran, of Greenville, S. C., 3 and 2.

Deane Van Landingham, of Charlottesville, a former champion, won through in the other match of the upper bracket, defeating Ruth Anne Perry, of Philadelphia, 2 and 1, and will meet Miss Cothran tomorrow.

MURDER CASE STATUS UPSET BY JUDGES' RIFT

Payne Jurist Refuses To
Yield to Substitute and
Declares Mistrial.

LOS ANGELES, Aug. 2.—(AP)—The controversy between two superior court judges over the alleged misconduct of one of them resulted in a legal tangle today that apparently clouded the status of the case of Louis R. Payne, 21-year-old convicted murderer of his mother and brother.

In defiance of an order by Frank C. Collier, presiding judge of the superior court, Superior Judge Harry F. Sewell, assumed the bench today in Payne's sanity hearing, and attempted to resume the taking of testimony.

Judge Ruben S. Schmidt, who late yesterday was substituted by Judge Fletcher Bowron, presiding jurist in the criminal divisions, entered Judge Sewell's courtroom and personally directed removal of Payne, the jury and the case records to his own court.

Judge Bowron then ascended Judge Sewell's bench and declared nullified and void all orders and actions of Judge Sewell.

After this strange legal spectacle, the jury was marched out into Judge Schmidt's court and testimony was resumed.

Many questions of law and procedure remained unanswered and the exact status of the case appeared clouded in the fog of controversy.

Judge Collier has demanded the resignation of Judge Sewell for alleged drunkenness, and Judge Sewell, declaring Judge Collier is without authority to demand the resignation, has asked that Judge Collier resign.

Three times in the last week, Judge Sewell has failed to appear on the bench. His physician asserted the jurist was suffering from bronchitis.

JAIL TERMS, FINES AGAIN METED OUT TO TWO REPORTERS

DANVILLE, Ky., Aug. 2.—(AP)—Judge J. W. Harlan meted out punishment twice today to the two young newspapermen who have continued, since July 21, to refuse to answer questions which they contend would violate a newspaper confidence.

In place of sending them to jail in the evening, as he has been doing for the last week, Judge Harlan called Jack Durham and Wesley Carby into court this morning and sentenced them to six hours in jail during daylight hours which prevented them from working today. Late this

afternoon Judge Harlan called the two reporters back into court and assessed fines of \$3 and costs each.

The judge ordered Durham and Carby to reappear in court at 9 o'clock tomorrow morning. He did not indicate whether he would follow the same procedure again.

Victor Bodner, 24, and Lucian Chrisman, 21, were called into court and questioned concerning the same

case in which Durham and Carby have refused to testify—the hanging in effigy of State Representative J. Sterling Towles.

Both refused to answer questions on the ground that to do so might be self-incriminating. They were directed to return to court tomorrow afternoon.

To date Durham and Carby have spent 39 hours in jail and paid fines, including costs, totaling \$22 each for their stand.

INDIANAPOLIS, Aug. 2.—(AP)—John Dillinger Sr. announced here today he has decided not to disinter the body of his son, John.

JEFFY CAKE

1 cup Crisco
1 cup brown sugar
2 eggs (save 1 white for icing)
1/2 teaspoon lemon extract
1/2 cup flour
1 teaspoon baking powder

1/2 teaspoon salt
1/2 teaspoon cinnamon
1/2 teaspoon nutmeg
1/2 teaspoon cloves
1/2 teaspoon ginger
1 cup chopped raisins

Put all ingredients together and beat thoroughly until smooth. Pour into a shallow pan (8" x 10") rubbed with Crisco. Bake in a moderate oven (350°F.) for 25 to 30 minutes. Sprinkle with powdered sugar while warm, or ice with Seven-Minute Icing.

Crisco, the sweet, wholesome shortening, comes to you already creamed in its air-tight can. Cake-mixing is quicker, easier, with Crisco.
